Corporate Governance of Listed Companies in Thailand

The **Institute of Southeast Asian Studies (ISEAS)** was established as an autonomous organization in 1968. It is a regional centre dedicated to the study of socio-political, security and economic trends and developments in Southeast Asia and its wider geostrategic and economic environment.

The Institute's research programmes are the Regional Economic Studies (RES, including ASEAN and APEC), Regional Strategic and Political Studies (RSPS), and Regional Social and Cultural Studies (RSCS).

ISEAS Publications, an established academic press, has issued more than 1,000 books and journals. It is the largest scholarly publisher of research about Southeast Asia from within the region. ISEAS Publications works with many other academic and trade publishers and distributors to disseminate important research and analyses from and about Southeast Asia to the rest of the world.

The **Southeast Asia Background Series** is a major component of the Public Outreach objective of ISEAS in promoting a better awareness among the general public about trends and developments in Southeast Asia.

The books published in the Southeast Asia Background Series are made possible by a generous grant from the K.S. Sandhu Memorial Fund.
