THE TRANSFORMATIONS OF MAGIC
The Magic in History series explores the role magic and the occult have played in European culture, religion, science, and politics. Titles in the series bring the resources of cultural, literary, and social history to bear on the history of the magic arts, and contribute to an understanding of why the theory and practice of magic have elicited fascination at every level of European society. Volumes will include both editions of important texts and significant new research in the field.
THE TRANSFORMATIONS OF MAGIC

ILlicit LEARNED MAGIC in the
LATER MIDDLE AGES and RENAISSANCE
