Acknowledgements

The editors would like to thank the contributors and invited guests who participated in a successful symposium held at the University of St Andrews in August 2001. The preliminary papers delivered on that occasion inspired lively discussion and form the inspiration for the essays in this volume. The symposium was made possible through the financial support towards the costs provided by the British Academy. We are grateful to Edinburgh University Press for the patience shown to us in awaiting the delayed delivery of this third volume. Our thanks go to the contributors for staying the course and in delivering their chapters in good order. The publication of this volume would not have been possible without the financial support provided since 1997 by the Scottish Office, and subsequently the Scottish Executive, to the Scottish Parliament Project at the University of St Andrews.
