We wish to acknowledge the support of The Eaton Foundation and the Eaton Family in making possible the research, writing, and publication of For the People: A History of St Francis Xavier University.

At the time of the founding of the University in 1853, Timothy Eaton had just arrived in Canada from Ireland to join his brothers and sisters in beginning a new life in a new country.

As St Francis Xavier University has stressed service to one’s community throughout our long history, Timothy Eaton and subsequent generations have participated in the development of Canada and in supporting our social welfare infrastructure. In addition to providing employment opportunities for hundreds of thousands of Canadians, The Eaton Foundation, the Eaton Group of Companies and the Eaton Family have contributed very generously to Hospitals, Universities, Scholarship programs, Art Galleries, Museums, and Social Welfare programs across Canada.

St Francis Xavier University is proud to be associated with the Eaton Family. Together, we have helped to build Canada.
