The editors wish to thank David Thomas, Paul Temple and the late Harry Thorpe, both for their encouragement and for access to the reprographic facilities of the Department of Geography, University of Birmingham. We acknowledge the considerable help offered by the secretarial, cartographic and photographic staff of the Department. We are also grateful to our colleagues Peter Jarvis, Denis Shaw and Rowland Moss, and to Hugh Prince for their informed comments on parts of the manuscript. The contributors to this volume acknowledge their debt to the archivists and staffs of the Scottish Record Office, the National Library of Scotland, and the Map Room of the Royal Scottish Geographic Society.
