DECLARATION

All translations from German and French in this book are, unless otherwise indicated, my own. Italicised film titles indicate original release titles. Film titles that are not italicised indicate a literal translation (by myself) of the original title in those cases where no English release title exists, or alternatively where no English release title could be traced.

I am grateful to the editors of each of these publications for their kind permission to reproduce this material, and for their comments and criticisms, which enabled me to improve upon it for this book.
