Advance Praise for *Tyranny of Greed*

“Explosive, penetrating, and utterly compelling, Kuhner charts the death spiral of American democracy as it collapses into the black hole of the religion of money. Never before in human history have noble ideals been corrupted so deeply with the connivance of so many. This book lays tyranny bare for all to see—as a mirror for the human soul.”

—Philip Goodchild, author of
Theology of Money and *Credit and Faith*

“Timothy Kuhner captures the essence of Donald Trump—and modern American politics—in this illuminating book. Trump is many things but above all he is the embodiment of greed. To fix American democracy, Trump’s defeat won’t be enough. Instead, we’ll have to rebuild the wall between private capital and public power.”

—Nicholas Stephanopoulos, Harvard Law School

“A learned and exceptionally creative meditation on our current predicament and our current president. Kuhner looks at Donald Trump, and the system that produced him, through the lenses of history, literature, philosophy, and theology. The result is explosive and vitally important.”

—H. N. Hirsch, Oberlin College

“In the span of a few years we have gone from arguing over politics, to arguing about how many tens of thousands of deaths would be worth boosting the stock market. We have become accustomed to wearing surgical masks to protect us from pandemics, and gas masks to protect us from riot police. If you’re as worried about the effects of Trump’s election as I am, then this brave and surprising book is for you. Kuhner locates not only the underlying causes of the crisis, but also the strength we need to overcome it.”

—Reza Aslan, author of *Zealot: The Life and Times of Jesus of Nazareth*

“Timothy Kuhner masterfully situates Trump’s presidency in broad historical perspective. He explains how and why so many Americans have come to tolerate and justify a plutocratic system with the values of greed and corruption that it sanctions. Kuhner’s penetrating analysis calculates the enormous costs of our ideological complacency in spiritual, psychological, legal, cultural, and environmental terms. Everyone should heed his call for a revolutionary solution.”

—John T. Jost, author of
A Theory of System Justification

“A fabulous read! If you want to know why Trump is a demon and, more importantly, why that demon also lies within us and our politics, you must read this book.”

—Joo-Cheong Tham, Melbourne Law School
