Tables

2.1 U.S. Wheat Prices and World Market Share 18
2.2 U.S. Farm Exports, Imports, and Trade Surplus 19
2.3 Present and Projected World Population Growth 22
3.1 Research Expenditures by Region, 1959–1980 34
3.2 Value of Trade in Agricultural Products 35
3.3 Selected Characteristics of Major Regions 36
4.1 Comparative Grain Prices 49
4.2 Net Trade in Grains 50
4.3 The Trend in UK Self-Sufficiency 51
5.1 New Zealand’s External Trade 70
6.1 USSR: Consumption Rates of Basic Food Products 79
6.2 Capital Investment in Agroindustrial Complex 83
6.3 USSR Production Trends 85
7.1 Self-Sufficiency Rate 92
7.2 Acre Planted 97
7.3 Japan’s Agriculture Budget 100
10.1 Machine Inputs, Agricultural Exports, and Caloric Intake in Central America 140
10.2 Pearson Correlation Coefficients 144
10.3 Pearson Correlation Coefficients 147
10.4 Pearson Correlation Coefficients 148
11.1 Land Tenancy In Mexico 155
11.2 Value of Production by Type of Tenancy 155
11.3 Public Investment in the Agricultural Sector 156
11.4 Participation of Agriculture as Part of GNP 157
11.5 Cultivated Surface Dedicated to Animal and Human Consumption 158
11.6 Maize: Cultivation and Production 159
11.7 Beans: Cultivation and Production 160
11.8 Rates of Growth and Yields 162
11.9 Sectoral Public Investment and Irrigation 163
11.10 Guarantee Prices 164
11.11 Selected Guarantee Prices Increases 165
12.1 U.S. Responses to the IVI Gap 172
12.2 Resources Available to FAO 175
12.3 Volume of Food Aid Contributions 176
