Genocide on Settler Frontiers
When Hunter-Gatherers and Commercial Stock Farmers Clash
There has been a growing interest in the study of war and genocide, not from a traditional military history perspective, but within the framework of social and cultural history. This series offers a forum for scholarly works that reflect these new approaches.

“The Berghahn series Studies on War and Genocide has immeasurably enriched the English-language scholarship available to scholars and students of genocide and, in particular, the Holocaust.”
