Acknowledgements

The editors acknowledge the support of the University of Angers, the CERHIO (UMR 6258), the Région Pays de la Loire and the FWO for the organisation of the conference, and that of the Institut Universitaire de France for the publication of the present volume. During the editing of this volume, Peter Van Nuffelen has received funding from the European Research Council under the European Union's Seventh Framework Programme (FP/2007–2013) / ERC Grant Agreement n. 313153. The editors also thank Panagiotis Manafis (Ghent) for the preparation of the index and for help with editing the bibliographies.
