Coolies of Capitalism

Work in Global and Historical Perspective

Edited by

Andreas Eckert, Sidney Chalhoub, Mahua Sarkar,
Dmitri van den Bersselaar, Christian G. De Vito

Work in Global and Historical Perspective is an interdisciplinary series that welcomes scholarship on work/labour that engages a historical perspective in and from any part of the world. The series advocates a definition of work/labour that is broad, and especially encourages contributions that explore interconnections across political and geographic frontiers, time frames, disciplinary boundaries, as well as conceptual divisions among various forms of commodified work, and between work and 'non-work'.
