

Acknowledgements

The present volume is the work of many hands. For this reason, we would like to thank everyone who helped to realise it:

First and foremost the speakers of our conference “Material Aspects of Reading” (Heidelberg, February 11–13, 2018) and authors of the articles for their multifaceted contributions and their patience and support during the editing process; all participants of the conference for the fruitful discussions that helped to further improve the articles; Professor Dr. Dr. h.c. mult. Christoph Marksches (Berlin) for enhancing our meeting by giving the public keynote and allowing us to include it in this volume; the *Heidelberg Center for Jewish Studies* and its rector Professor Dr. Johannes Heil for hosting the conference; our student assistants Bettina Burghardt, Simon Gottowik, Elias S. Jungheim, Hanna-Barbara Rost, and Christoph Wind, who helped us during the conference, and especially Konstanze Kupski, who additionally assisted us by proofreading the articles and the indices; Jessica Dreschert for her assistance in preparing the manuscript and Nicolai Schmitt for carefully typesetting the text; Prof. Dr. Ludger Lieb and Dr. Nele Schneidereit for their kind support and advice; the editors of *Material Text Cultures* for their helpful review of the manuscript and for including the volume in the series; all museums, institutions and individuals who very kindly granted us permission to reproduce images in this volume; and finally the German Research Foundation (DFG) whose financial support enabled us to hold the conference and produce this volume.

Last but not least we would like to thank Professor Dr. Jan Christian Gertz and Professor Dr. Hanna Liss for giving us the opportunity to organise the conference and to edit this volume, and for supporting us with their help and advice.
