

Table of Contents

Acknowledgments — V

- 1 Introduction – Prospects of an exponency-based syntax — 1**
 - 1.1 The main empirical facts — 2
 - 1.2 Grammatical voice and transitivity alternations cross-linguistically — 7
 - 1.2.1 The active-passive alternation — 7
 - 1.2.2 Voice-projections — 10
 - 1.2.3 Middles and agent-demotion — 16
 - 1.3 Scope and content of this book — 19

- 2 The necessity of exponents and the nature of Σ -structure — 21**
 - 2.1 Overview of our proposal — 21
 - 2.2 A continuum of lexicalist theories — 23
 - 2.3 Exponency and Σ -structure — 29
 - 2.4 Levels of grammar: a toy example — 35
 - 2.5 Well-formedness at Σ -structure: the rules of exponent translation — 39
 - 2.5.1 The *Exhaustive Lexicalization Principle* — 40
 - 2.5.2 The *Superset Principle* — 41
 - 2.5.3 Cumulative exponence — 43
 - 2.6 Morpheme-based and word-based approaches — 46
 - 2.7 Taking stock — 51

- 3 Norwegian and Swedish passives: empirical facts — 53**
 - 3.1 Three types of passive — 53
 - 3.1.1 *Bli* — 53
 - 3.1.2 *Være* — 54
 - 3.1.3 Morphological passives: -s — 55
 - 3.2 General properties of passives in Norwegian and Swedish — 56
 - 3.2.1 Expletive subjects and impersonal passives — 56
 - 3.2.2 Passive from double object constructions — 60
 - 3.2.3 Pseudopassives — 62
 - 3.3 The s-passive in Norwegian and Swedish: primary differences — 63
 - 3.3.1 Interaction with tense — 67
 - 3.3.2 Episodicity — 71
 - 3.3.3 Habituality — 72
 - 3.3.4 Complement of perception verbs — 73

3.3.5	Modal and generic readings — 74
3.4	Shared preferences in the <i>s</i> -passive — 75
3.4.1	Agentivity — 75
3.4.2	Passives of arguments related to an infinitive in Norwegian and Swedish — 77
3.5	Differences between the <i>s</i> -passive and the <i>bli</i> -passive in Swedish — 78
3.6	Change of state and non-change of state passives — 80
3.7	Interim summary — 83
4	Deconstructing Norwegian and Swedish passives — 85
4.1	Passive voice in three types of representation — 85
4.2	Background: case and participles — 99
4.2.1	Case theory — 99
4.2.2	Participles — 103
4.3	The <i>bli</i> -passive in Swedish and Norwegian — 106
4.3.1	Outline of the analysis — 106
4.3.2	The spell out of the <i>by</i> -phrase — 107
4.4	The materialization of the participle — 110
4.4.1	The nature of Voice and a unified treatment of agents in passives and active construals — 113
4.5	The shape and interpretation of the <i>bli</i> -passive, step by step — 120
4.6	Capturing the fine-grained facts: predictions — 126
4.6.1	On non-agentive verbs — 126
4.6.2	On why <i>bli</i> -passives cannot promote arguments of subordinate infinitives to the subject position — 128
4.6.3	On the impossibility of having impersonal passives in Swedish — 131
4.6.4	Pseudopassives — 135
4.7	Analyzing <i>s</i> -passives — 137
4.8	The <i>s</i> -passive in Swedish — 141
4.8.1	The position of the <i>s</i> -exponent in Swedish — 146
4.9	The <i>s</i> -passive in Norwegian — 148
	Appendix. How many movement operations in syntax? — 154
5	Differences in the expression of middles in Norwegian and Swedish — 159
5.1	Initial distinctions — 159
5.2	Properties of middles: What is a middle statement? — 164

5.3	Acceptability of the verbal middle interpretation in Norwegian and Swedish — 169
5.4	A comparison of the grammatical properties of adjectival and verbal middles — 175
5.5	The syntax of the verbal middle structure and why Swedish cannot lexicalize it — 181
5.5.1	Mood prevents T from licensing the verb's event — 181
5.5.2	Agent PPs — 185
5.5.3	Swedish vs. Norwegian — 188
5.5.4	The modifier — 189
5.6	The syntactic structure of the adjectival middle — 191
5.7	The Swedish absolute use of the <i>s</i> -exponent and why Norwegian cannot license it — 196
6	Extensions: anticausatives, reciprocal uses, and additional properties of exponents — 201
6.1	Anticausatives in Norwegian — 201
6.1.1	A brief overview of the problems related to anticausatives — 204
6.1.2	A sketch of a proposal — 208
6.2	Reciprocals in Norwegian — 212
6.3	Σ -structure makes head movement unnecessary — 215
6.4	On the word-affix distinction — 222
6.5	Closing comments — 224
	References — 227
	Index — 239
