

Acknowledgments

Six of the essays in this volume derived from a conference held at the University of Massachusetts Amherst in November 2015. We are grateful for the support of the departments of Classics at UMass Amherst, Amherst College, and Mount Holyoke College; Five Colleges, Inc., and the College of Humanities and Fine Arts at UMass Amherst, Julie Hayes, Dean. We also thank Geoffrey Sumi and Brian Breed who served as respondents. We are grateful to Lisa Marie Smith and Anthony Tuck for help in organizing the conference. We give special thanks to Serena Pirrotta and Katerina Zianna at De Gruyter and the anonymous referees for their cogent and helpful comments on the papers. Devon Thomas did valuable work compiling the general index. Mary Bellino, editor extraordinaire, deserves a special round of applause. Thanks, too, to Chris Kraus and Jane Chaplin for helping us clarify our plans at a key point, though they both deny it.
