Acknowledgement

Several colleagues facilitated the composition of this work with their support. In particular, we express our gratitude to Napil Bazylhan for sharing his photographs as well as for his permission to publish several of them, and to Mehmet Ölmey and Erhan Aydin for sharing their fonts with us.

Julian Rentzsch’s contribution to this volume was supported by a three months’ research grant from the Alexander von Humboldt Foundation. His research stay at the Department of Altaic Studies of the University of Szeged during the first quarter of 2016 was hosted by András Róna-Tas, whose mentorship is deeply appreciated, as is the cordial hospitality of the colleagues at the Department.
