Foreword

Studia Evangelica VII contains the majority of the papers presented at the Fifth International Congress on New Testament Studies which met in Oxford from 3 to 8 September 1973. The Congress assembled under the direction of the Revd. Dr. H. F. D. Sparks, then Oriel Professor of the Interpretation of Holy Scripture in the University of Oxford. To him I am indebted for guidance not only in the arrangement of the Congress but also in the preparation of this volume of proceedings. It is my pleasant duty to express gratitude also to those scholars who addressed the Congress, and especially to those who have allowed their papers to be included here, despite the long and frustrating delay in publication; and to Dr. Kurt Treu and his assistants at the Berlin Academy for their skill and patience in face of many difficulties.
