

Supplementary Material

Appendix 1. Peak flight times for migratory birds near Texas. The initial list of migratory species in North America from Cornell Lab of Ornithology (<https://www.allaboutbirds.org/mesmerizing-migration-map-which-species-is-which/>, accessed June 30, 2018). This list includes only birds that do not regularly breed in Texas, but that regularly migrate through each year. Dates of migratory peaks are from bar chart tool on eBird (<https://ebird.org>, accessed June 30, 2018). Months indicated reflect visually-observed migratory peaks in each season.

Species	Mar	April	May	June	July	Aug	Sept	Oct
Alder Flycatcher			1			1	1	
American Golden-Plover	1	1					1	1
Baird's Sandpiper		1	1			1	1	
Bay-breasted Warbler		1	1					1
