This paper, published in *Baltic Astronomy* Vol. 5 No. 2, pages 281–295, 1996, contains the following errors:

p. 281 in the title: should be **PHOTOMETRY**;

p. 282 in Eq. (2) should be $e^{-h/7.996}$;

p. 283 in lines 5–6 from the bottom should be: of the altitude of a ground-based observatory;

p. 284 in line 8 from the bottom should be: $\alpha = \nu^* - 2$;

p. 287 in Table 1: the units for the extinctions are mags/airmass and for the ozone absorption is cm^{-1} .

After the author proofs were received, these errors were corrected in a part of copies of the journal.
