Conference announcement

Han Xi*

2nd Annual International Conference on Sustainable Energy and Environmental Sciences (SEES 2013), 25–26 February 2013, Singapore

*Corresponding author: Han Xi, Global Science and Technology Forum, 10 Anson Road, #14-04, International Plaza, Singapore 079903, e-mail: eli@globalstf.org

in a global-scale context and toward advances for a low-carbon future.

Conference theme

The 2nd Annual International Conference on Sustainable Energy and Environmental Sciences (SEES 2013) brings together researchers, academics and scientists from the environmental science community and creates an avenue towards a robust exchange of information on technological advances, new scientific achievements, and the effectiveness of various environmental regulation programmes.

The SEES 2013 provides attendees with a platform to deliberate research results, ideas, and recommendations in a professional setting. This is made possible by providing a strong and diverse technical program that has been developed to adapt to the changing needs and shifting landscape of environment and science research.

The aim of the conference is to challenge and inspire the environmental science community, through the interchange of knowledge and sharing of best practices

Highlights

The keynote address will be delivered by:

Professor Jalal Abedi
Program Chair-SEES
Associate Professor
Department of Chemical and Petroleum Engineering
University of Calgary
Canada

Advanced nanomaterials for energy storage devices and environmental treatment will be delivered by:

Dr. Hai M. Duong
Assistant Professor
Department of Mechanical Engineering
National University of Singapore

Best paper awards and best student paper awards will be conferred at the conference (in order to qualify for the award, the paper must be presented at the conference).

The SEES 2013 will also constitute a Special Panel Session. The conference will be held at Hotel Fort Canning, Singapore.

Panel Proposals are invited for submission to the SEES 2013. A minimum of three papers, centering on a specific topic, will be accepted for submission under Panel Category.
