Corrigendum

Li Fei Nie, Guozheng Huang, Khurshed Bozorov, Jiangyu Zhao, Chao Niu, Shamansur S. Sagdullaev and Haji A. Aisa*

Corrigendum to: Diversity-oriented synthesis of amide derivatives of tricyclic thieno[2,3-*d*]pyrimidin-4(3*H*)-ones and evaluation of their influence on melanin synthesis in murine B16 cells

<https://doi.org/10.1515/hc-2018-2002>

Corrigendum to: Li Fei Nie, Guozheng Huang, Khurshed Bozorov, Jiangyu Zhao, Chao Niu, Shamansur S. Sagdullaev, and Haji A. Aisa. 2018. Diversity-oriented synthesis of amide derivatives of tricyclic thieno[2,3-*d*]pyrimidin-4(3*H*)-ones and evaluation of their influence on melanin synthesis in murine B16 cells. *Heterocyclic Communications*. Volume 24, Issue 1, pages 43–50. (DOI:10.1515/hc-2017-0256):

The authors regret the omission of the second affiliation address for Li Fei Nie in the original article. The correct affiliation addresses are shown below.

Li Fei Nie, Key Laboratory of Plant Resources and Chemistry in Arid Regions, State Key Laboratory Basis of Xinjiang Indigenous Medicinal Plants Resource Utilization, Xinjiang Technical Institute of Physics and Chemistry, Chinese Academy of Sciences, South Beijing Rd 40-1, Urumqi, 830011, P. R. China and University of Chinese Academy of Sciences, Yuquan Rd 19 A, Beijing, 100049, P.R. China.

The authors would like to apologize for any inconvenience caused.
