Abstracts are invited from interested participants for parallel session papers and possibly posters. Papers are invited that examine research settings that are looking beyond second language acquisition in order to find out about similarities and differences between SLA/Bilingualism and TLA/Trilingualism. Papers concentrating on more than three languages are also welcome.

Papers dealing with just two languages will not be considered!

Abstracts should be submitted in the following format:

1. Three copies of an abstract without the author's/authors' name/s (up to 300 words).
2. One page stating:
 - a. title,
 - b. audiovisual/computer request,
 - c. for each author: full name and affiliation, address, email address, fax number.

Those abstracts submitted for presentations in any language other than English have to be translated into English.

Deadline for acceptance of proposals:
31 December 2002

Date of notification of acceptance:
28 February 2003

Please, send your abstracts via e-mail to the local organiser:
