Erratum in: Journal of Causal Inference 2013;1(1):51–82, DOI: 10.1515/jci-2013-0005

We thank Professor Marcel Zwahlen, University of Bern, Switzerland, for pointing out the following corrections: In Figure 1, the labels for the lines, $T = 0$ and $T = 1$, should be reversed. Equation (13) should be $\text{pr}(T = 1|Z = 0) = \text{pr}(R = i) + \text{pr}(R = a)$.
