Highlight: Cesarean Section – New Insights
Guest Editor: Michael Stark

Editorial

Michael Stark
Introduction to the cesarean section articles — 759

Highlight Section: Cesarean Section

Michel Robert Fortuné Odent
Three kinds of caesarean sections: the foetal/neonatal perspective — 763

Jis Thomas, Tawa Olayemi Olukade, Ailiya Naz, Husam Salama, Mai Al-Qubaisi, Hilal Al Rifai and Sawsan Al-Obaidly
The neonatal respiratory morbidity associated with early term caesarean section — an emerging pandemic — 767

Anastasia Lazarou, Magdalena Oestergaard, Johanna Netzl, Jan-Peter Siedentopf and Wolfgang Henrich
Vaginal birth after cesarean (VBAC): fear it or dare it? An evaluation of potential risk factors — 773

Nationwide implementation of a decision aid on vaginal birth after cesarean: a before and after cohort study — 783

Alexa Eberle, Nicholas Czuzoj-Shulman, Laurent Azoulay and Haim Arie Abenhaim
Induction of labor at 39 weeks and risk of cesarean delivery among obese women: a retrospective propensity score matched study — 791

Josefine Theresia Koenigbauer, Elisabeth Schalinski, Ute Jarchau, Ulrich Gauger, Katrin Brandt, Sandra Klaucke, Jens-Peter Scharf, Werner Rath and Lars Hellmeyer
Cervical ripening after cesarean section: a prospective dual center study comparing a mechanical osmotic dilator vs. prostaglandin E2 — 797

Michael Stark
An evidence-based cesarean section suggested for universal use — 806

Celine Kaps, Alexander Schwickert, Desislava Dimitrova, Andreas Nonnenmacher, Jan-Peter Siedentopf, Wolfgang Henrich and Thorsten Braun
Online survey on uterotomy closure techniques in caesarean section — 809

Christina Pulvermacher, Patricia Van de Vondel, Lydia Gerzen, Ulrich Gembruch, Thomas Welchowski, Matthias Schmid and Waltraut M. Merz
Analysis of cesarean section rates in two German hospitals applying the 10-Group Classification System — 818

Reviews

Smriti Nair, James E. McGreevy, Juana Hutchinson-Colas, Heather Turock, Frank Chervenak and Gloria Bachmann; Commission on Women's Reentry-Health Subcommittee
Pregnancy in incarcerated women: need for national legislation to standardize care — 830

Gheorghe Cruciat, Georgiana Irina Nemeti, Roxana Popa-Stanila, Andreea Florian and Iulian Gabriel Goidescu
Imaging diagnosis and legal implications of brain injury in survivors following single intrauterine fetal demise from monochorionic twins – a review of the literature — 837

Mini Review

Valentina Corda, Federica Murgia, Francesca Dessolis, Stefania Marru, Frank A Chervenak, Laurence B. McCullough and Giovanni Monni
Professionally responsible management of the ethical and social challenges of antenatal screening and diagnosis of β-thalassemia in a high-risk population — 847

Opinion Paper

Tuangsit Wataganara, Lucas Trigo and Denise Araujo Lapa
Teaching and training the total percutaneous fetoscopic myelomeningocele repair — 853
Corner of Academy

Ioannis Tsakiridis, Sonia Giouleka, Alexandra Arvanitaki, Apostolos Mamopoulos, George Giannakoulas, Georgios Papazisis, Apostolos Athanasiadis and Themistoklis Dagklis

Chronic hypertension in pregnancy: synthesis of influential guidelines — 859

Original Articles

Muge Gul Gulecoglu Onem, Canan Coker, Kemal Baysal, Sabahattin Altunyurt and Pembe Keskinoglu

The effects of pre-pregnancy obesity and gestational weight gain on maternal lipid profiles, fatty acids and insulin resistance — 873

Esther Álvarez-Silvares, Paula Rubio-Cid, Xiana González-Gómez, Paula Domínguez-Vigo, Tania Fernández-Cruz, Teresa Seoane-Pillado and Elena Martínez-Carballo

Determination of organic pollutants in meconium and its relationship with fetal growth. Case control study in Northwestern Spain — 884

Jose Galaz, Roberto Romero, Marcia Arenas-Hernandez, Bogdan Panaitescu, Robert Para and Nardhy Gomez-Lopez

Betamethasone as a potential treatment for preterm birth associated with sterile intra-amniotic inflammation: a murine study — 897

Boris Lovrić, Siniša Šijanović, Joško Lešin and Josip Juras

Diagnostic accuracy of modified Hadlock formula for fetal macrosomia in women with gestational diabetes and pregnancy weight gain above recommended — 907

Miriam Sutera, Anna Garofalo, Eleonora Pilloni, Silvia Parisi, Maria Grazia Alemanno, Guido Menato, Andrea Sciarroone and Elsa Viora

Vasa previa: when antenatal diagnosis can change fetal prognosis — 915

Hanne Trap Wolf, Tom Weber, Stephan Schmidt, Mikael Norman, Heili Varendi, Aurélie Piedvache, Jennifer Zeitlin and Lene Drasbek Huusom, on behalf of EPICE Research Group

Mode of delivery and adverse short- and long-term outcomes in vertex-presenting very preterm born infants: a European population-based prospective cohort study — 923

Short Communication

Chinedu Ulrich Ebenebe, Mirjam von Lucadou, Eileen Moritz, Edzard Schwedhelm, Guenter Daum, Dominique Singer, Phillip Deindl and Martin Sebastian Winkler

Reference ranges for sphingosine-1-phosphate in neonates — 932
