Special Issue: Non-Invasive Prenatal Testing (NIPT) — Great Progress and Important Ethical and Legal Considerations
Presentations from a Symposium at the University Hospital Bonn, Dec 12, 2020
organized in collaboration with the Foundation for the Handicapped Child, Germany

Issue Editor: Prof. Dr.med. Dr. hc.c.mult. Wolfgang Holzgreve, MBA, FACOG, FRCOG

Editorial

Wolfgang Holzgreve
Some historical and general considerations on NIPT — great progress achieved, but we have to proceed with caution — 937

Articles

Caterina M. Bilardo
The implementation of non-invasive prenatal testing (NIPT) in the Netherlands — 941

Annette Dufner
Non-invasive prenatal testing (NIPT): does the practice discriminate against persons with disabilities? — 945

Bert Heinrichs
Moral ambivalence. A comment on non-invasive prenatal testing from an ethical perspective — 949

Christoph Rehmann-Sutter
Should prenatal screening be seen as ‘selective reproduction’? Four reasons to reframe the ethical debate — 953

Bettina Schöne-Seifert and Chiara Junker
Making use of non-invasive prenatal testing (NIPT): rethinking issues of routinization and pressure — 959

Klaus Zerres, Sabine Rudnik-Schöneborn and Wolfgang Holzgreve
Do non-invasive prenatal tests promote discrimination against people with Down syndrome? What should be done? — 965

Stefan Huster
Non-invasive prenatal diagnostics (NIPD) in the system of medical care. Ethical and legal issues — 972

Birgit Arabin, Lars Hellmeyer, Johanna Maul and Gerlinde A.S. Metz
Awareness of maternal stress, consequences for the offspring and the need for early interventions to increase stress resilience — 979

Alexander Scharf
First trimester screening with biochemical markers and ultrasound in relation to non-invasive prenatal testing (NIPT) — 990

Samantha J. Leonard
Reproductive genetic screening for information: evolving paradigms? — 998

Isabel Filges, Peter Miny, Wolfgang Holzgreve and Sevgi Tercanli
How genomics is changing the practice of prenatal testing — 1003
