## Conservation

Dario Moreira-Arce, Diego A. Peñaranda, Rodrigo Lopéz, Gregor J. Stipicic, Ezequiel Hidalgo-Hermoso and Javier A. Simonetti

Gabriela Pérez-Irineo, Alejandro Hernández-Sánchez and Antonio Santos-Moreno

Effect of anthropogenic activity on mammal activity patterns in two ecosystems — 336

Liliana Tlapaya-Romero, Antonio Santos-Moreno and Sergio Ibáñez-Bernal

Effect of seasonality and microclimate on the variation in bat-fly load (Diptera: Streblidae) in a cave bat assemblage in a dry forest — 345

Giulia Luzi, Emiliano Mori, Giuseppe Puddu and Marzio Zapparoli

Does the crested porcupine select coppice forest? Habitat preference and activity patterns of a large rodent in the Lago di Vico Natural Reserve — 355

## Physiology

Adrien André, Johan Michaux, Jorge Gaitan and Virginie Millien

Long-term stress level in a small mammal species undergoing range expansion — 296

## Ecology

Carlos B. Solórzano, Luis Intríago-Alcívar and José Guerrero-Casado

Comparison between terrestrial mammals in evergreen forests and in seasonal dry forests in Western Ecuador: should efforts be focused on dry forests? — 306

Hakim Bachiri, Mohammed Znari, Moulay Abdeljalil Ait Baamranne and Mohamed Aourir

Spring diet differs among age-sex classes in Atlas Barbary sheep (*Ammotragus lervia lervia*) in a fenced nature reserve, Morocco — 315

Francesca Occhiuto, Eman Mohallal, Geoffrey D. Gilfillan, Andrew Lowe and Tom Reader

Seasonal patterns in habitat use by the harvest mouse (*Micromys minutus*) and other small mammals — 325

## Taxonomy/phylogeny

Boris Krýšťufek, Morteza Naderi, Franc Janžekovič, Rainer Hutterer, Dominik Bombek and Ahmad Mahmoudi

A taxonomic revision of fat dormice, genus *Glis* (Rodentia) — 362

Pablo Teta, Guillermo D’Elía, Cecilia Lanzone, Agustina Ojeda, Agustina Novillo and Ricardo A. Ojeda

A reappraisal of the species richness of *Euneomys* Coues 1874 (Rodentia, Cricetidae), with emendations of the type localities of *Reithrodon fossor* Thomas 1899 and *Euneomys mordax* Thomas 1912 — 379
