Information for Contributors

Contributions to Z. Naturforsch. may be (i) original papers, (ii) research notes not exceeding two pages in print, (iii) reports on current research of special interest, and (iv) book reviews. Two copies of each contribution should be sent for Section A (physical sciences) to Mrs. Tamara Littmann, Lenzhalde 21, D-73447 Oberkochen.

Section B (chemical sciences) to Dr. Heide Voelter, Postfach 2645, D-72016 Tübingen - Uhlandstraße 11, D-72072 Tübingen.

Section C (biological sciences) to Dr. Helga Haußen, Postfach 2645, D-72016 Tübingen • Uhlandstraße 11, D-72072 Tübingen.

Contributors are encouraged to suggest possible reviewers of their papers. The manuscript should be typewritten using double spacing throughout.

The title should be concise but informative. The names of the authors, with first names and initials, and of the institution where the work was carried out follow the title. A running title with not more than 60 characters should be indicated if the title is longer than this.

In a footnote on the first page, please give an address for reprint requests.

The title, a selfconsistent abstract, suitable for direct use by the abstracting journals (no references to the main text), and five keywords, all in English, must precede the main text of each contribution.

The main text should meet the highest standards as to novelty of the material, organization and conciseness. A qualified colleague and, if the text is in a foreign language, a person who thoroughly knows it, should have been given the opportunity to check the paper before its submission for publication.

Papers, reporting mainly spectroscopic, X-ray or other data of no general relevancy should not be submitted.

References and footnotes should be numbered and listed at the end of the paper, e.g.: [1] A. Meyer. Z. Naturforsch. 30b, 633 (1976).

Tables with the appropriate captions and a list of the figure legends should follow at the end of the paper.

Allowance should be made for the reduction in printing of the drawings (line thickness, lettering!). Original drawings larger than 21 × 30 cm should be replaced by copies of reduced size, when the manuscript is submitted and only be sent in when the manuscript is accepted. On all illustrations, the figure number and the author’s name must be written in pencil.

The authors will receive page proofs.

Changes in the text after acceptance of the paper and drawings not fit for direct reproduction cause delay and create extra costs which may be charged to the author. 25 reprints are free of charge; additional reprints cost DM −.25 per page.
