## SEMINAR ON SPEECH PRODUCTION AND PERCEPTION

Leningrad; USSR, Aug. 13-16, 1966

- PROCEEDINGS -

Preface (Organizers' introduction)

### I. Introductory papers \*

|  |         |
|--|---------|
| G. FANT  |         |
| Models of Speech Perception . . . . .  | 5 - 8   |
| R. JAKOBSON  |         |
| The Role of Phonic Elements in Speech Perception . . . . .                               | 9 - 20  |
| A. M. LIBERMAN, F. S. COOPER, M. STUDDERT-KENNEDY, K. S. HARRIS<br>and D. P. SHANKWEILER |         |
| On the Efficiency of Speech Sounds . . . . .   | 21 - 32 |
| L. ČISTOVIČ, A. GOLUSINA, V. LUBLINSKAJA, T. MALINNIKOVA and<br>M. ŽUKOVA                |         |
| Psychological Methods in the Speech Perception Research . . . . .                        | 33 - 39 |
| D. M. MACKAY   |         |
| The "Active/Passive" Controversy . . . . .   | 40 - 42 |

### II. Perception models

|   |         |
|---|---------|
| V. I. GALUNOV   |         |
| Some Aspects of Speech Perception . . . . .   | 43 - 47 |
| O. FUJIMURA   |         |
| Some Remarks on the Analysis-by-Synthesis as a Model of Speech<br>Perception . . . . .    | 48 - 52 |
| A. W. F. HUGGINS  |         |
| Delayed Auditory Feedback and the Temporal Properties of the<br>Speech Material . . . . . | 53 - 60 |
| C. C. TAPPERT   |         |
| Modeling the Processes of Speech Acquisition . . . . .                                    | 61 - 69 |
| M. P. HAGGARD   |         |
| Selectivity in Speech Perception Models . . . . .   | 70 - 73 |

### III. Features and perception

|  |         |
|--|---------|
| L. V. BONDARKO and L. R. ZINDER  |         |
| Distinctive Features of Phonemes and their Physical Characteristics              | 74 - 76 |
| V. S. ŠUPLJAKOV  |         |
| Pitch and Hard-Soft Distinction of Fricative Consonants /S/and ///               | 77 - 82 |
| B. BOROVIČKOVÁ and V. MALÁČ  |         |
| Towards the Basic Units of Speech from the Perception Point of<br>View . . . . . | 83 - 88 |

\* These papers were held at Symposium B 23 *Models of Speech Perception*, Moscow, USSR, Aug. 8, 1966.

|   |           |
|---|-----------|
| A. J. FOURCIN   |           |
| Formant Transition Perception with Different Fundamental Frequencies of Excitation . . . . .                                  | 89 — 93   |
| E. FISCHER-JØRGENSEN  |           |
| Perceptual Dimensions of Vowels . . . . .   | 94 — 98   |
| G. HANSON   |           |
| Distinctive Features and Response Dimensions of Vowel Perception  | 99 — 101  |
| K. N. STEVENS   |           |
| On the Relations between Speech Movements and Speech Perception   | 102 — 106 |
| B. LINDBLOM and M. STUDDERT-KENNEDY   |           |
| On the Rôle of Formant Transitions in Vowel Recognition . . . . .   | 107       |
| H. LANE   |           |
| The Hue and Cry Concerning Categorical Perception (and Conversely) . . . . .  | 108 — 115 |
| <br><b>IV. Speech parameters and reproduction</b>   |           |
| D. M. MACKEY, J. B. MILLAR and M. J. UNDERWOOD  |           |
| Discriminative Values of the Digram Structure of Speech Waveforms . . . . .   | 116 — 122 |
| V. A. KOZEVNIKOV, M. P. GRANSTREM, JU. I. KUZMIN, V. S. ŠUPLJAKOV, A. V. VENCOV, A. N. BOROZDIN, A. A. GERASIMOV, S. J. ŽUKOV |           |
| System of Devices for Articulatory and Acoustic Study of Continuous Speech . . . . .  | 123 — 128 |
| V. LUBLINSKAJA  |           |
| Mimicking of Pitch . . . . .  | 129 — 134 |
| T. G. MALINNIKOVA   |           |
| Mimicking of Loudness of Synthetic Fricative Consonants . . . . .   | 135 — 139 |
| <br><b>V. Speech production</b>   |           |
| A. V. VENCOV  |           |
| A Mechanism for Production of Voiced and Voiceless Intervocalic Consonants . . . . .  | 140 — 144 |
| J. ONDRÁČKOVÁ   |           |
| Glottographical Research in Czech Sound Groups . . . . .  | 145 — 152 |
| B. SONESSON   |           |
| The Glottis Mechanism and the Voice Function . . . . .  | 153 — 156 |
| P. LIEBERMAN  |           |
| On the Structure of Prosody . . . . .   | 157 — 163 |
| S. ÖHMAN and J. LINDQVIST   |           |
| Analysis-by-Synthesis of Prosodic Pitch Contours . . . . .  | 164 — 170 |
| B. LINDBLOM   |           |
| Studies of Labial Articulation . . . . .  | 171 — 172 |
| <br><b>VI. Errors in speech and perception</b>  |           |
| D. E. BROADBENT   |           |
| The Role of Word Frequency in Perception . . . . .  | 173 — 176 |
| A. COHEN  |           |
| Errors of Speech and Their Implication for Understanding the Strategy of Language Users . . . . .                             | 177 — 181 |

|   |         |
|---|---------|
| <b>Inhalt</b>   | 201     |
| <b>J. McLEOD</b>  |         |
| Perception of Spoken Language by Children with Reading Disabilities . . . . .     | 182—187 |
| <b>E. N. VINARSKAJA</b>   |         |
| Some Defects of Perception and Reproduction of Speech Sounds in Aphasia . . . . . | 188—189 |
| <b>R. V. AVAKJAN</b>  |         |
| Mimicking the Duration of the Vowels in Aphasia . . . . .                         | 190—193 |
| <b>Discussions</b>  |         |
| <b>A. V. ARTEMOV</b> . . . . .  | 194—195 |
| <b>E. FISCHER-JØRGENSEN</b> . . . . .   | 195—196 |
| <b>L. A. VARŠAVSKIJ</b> . . . . .   | 196—197 |
| <b>I. A. ZIMNJAJA</b> . . . . .   | 197—198 |
| <b>G. FANT</b> . . . . .  | 198     |
