SOCIALIST AND POST-SOCIALIST URBANISMS

Critical Reflections from a Global Perspective

Socialist cities have special qualities that endure in particular, subtle, and often under-theorized ways. This book engages with socialism on a global scale, as well as with a variety of socialist and post-socialist urbanisms and a range of ways in which globalization intersects with changes in socialist and post-socialist cities.

Offering a unique international comparative focus, the book's fourteen case studies from Asia, Europe, Latin America, and Africa are grouped under three main themes: housing experiences and life trajectories, planning and architecture, and governance and social order. Featuring contributors from a range of disciplinary backgrounds and research areas, *Socialist and Post-Socialist Urbanisms* brings together a collection of essays on cities that are often overlooked in mainstream urban studies.

LISA B.W. DRUMMOND is an associate professor in the Urban Studies Program in the Department of Social Science at York University.

DOUGLAS YOUNG is an associate professor in the Urban Studies Program in the Department of Social Science at York University.
