      A. The object (victim), 16; B. The act, 17: (a) heterosexual acts, 18, (b) homosexual acts, 19; C. The agent (offender), 20

2. **THE OBJECT AND THE ACT**  
   I. The Victim (Object)  
      A. Age of victim, 23; B. Age difference between victim and offender, 26; C. Relationship of victim and offender, 28  
   II. The Offence (Act)  
      A. Place of the offence, 30; B. The nature of the act, 32
III. The Role of the Victim and Effects of the Offence
   A. Victim participation, 34; B. Effects, 35

3. THE OFFENDER
   I. Age Factors
      A. Onset of pedophilic behaviour and first charges, 42: (a) P.het., 42, (b) P.ho., 43, (c) P.und., 45
   II. Personal and Social Characteristics
      A. Intelligence and education, 45: (a) intelligence, 45, (b) education, 48; B. Occupation and social interests, 49: (a) occupation, 49, (b) social interests, 52; C. Country of birth and place of residence, 54; D. Religion, 55
   III. Family Background
      A. Parents, 58: (a) absence of parents from the home, 58, (b) relationships with parents, 59; B. Siblings, 64; C. Marital status: 66 (a) single pedophiles, 67, (b) married pedophiles, 68; D. Children, 72

4. LEGAL AND CRIMINOLOGICAL FACTORS
   I. Criminal Charges and Incidence
      A. Child murder, 76; B. Intercourse with violence, 77; C. Intercourse without violence, 78; D. Non-coital sexual acts, 80; E. Homosexual acts, 81
   II. Criminal Records and Recidivism
      A. Previous record and recidivism, 83; B. Age and recidivism, 84

5. CLINICAL AND CORRECTIONAL FACTORS
   I. Aetiology
   II. Psychiatric Diagnosis
      A. Psychosis and organic states, 88; B. Neurosis, 89; C. Mental deficiency, 89; D. Character and behaviour disorders, 90
   III. Psychological Assessment
   IV. Social Factors
      A. The adolescent pedophile, 94; B. The middle-aged pedophile, 94; C. The senescent pedophile, 95
   V. Treatment
      A. Motivation for treatment, 95; B. Forms of treatment and results, 96: (a) individual therapy, 96, (b) group therapy, 97, (c) organic treatment, 98
   VI. Follow-up
CONTENTS / xiii

6. SENTENCE AND DISPOSITION 101
   I. Factors Influencing Sentence 101
      A. The adolescent offender, 102; B. The middle-aged offender, 103; C. The senescent offender, 103
   II. Present Mode of Disposition 104
      A. The use of fines, 104; B. Probation and outpatient treatment, 105; C. Imprisonment and hospitalization, 105
   III. Special Legislation 106

PART THREE: EXHIBITIONISM

7. THE NATURE OF THE DEVIATION 111
   I. Definitions 111
      A. Clinically oriented case studies, 111; B. Criminologically oriented group studies, 113
   II. A Phenomenological Model 115
      A. The object (victim), 115; B. The act, 115; C. The agent (offender), 116

8. THE OBJECT AND THE ACT 117
   I. The Victim (Object) 117
      A. Age of victim, 117; B. Relationship of victim and offender, 118
   II. The Offence (Act) 119
      A. Place of the offence, 119; B. The nature of the act, 119
   III. Effects of the Act on the Victim 121

9. THE OFFENDER 122
   I. Age Factors 122
      A. Onset of symptoms and first charges, 125; B. Exhibitionists over the age of forty, 126
   II. Personal and Social Characteristics 128
      A. Intelligence and education, 128: (a) intelligence, 128, (b) education, 130; B. Occupation and social interests, 131: (a) occupation and work records, 131, (b) social interests, 134; C. Country of birth and place of residence, 135; D. Religion, 137
   III. Family Background 138
      A. Parents, 138: (a) absence of parents from home, 138, (b) relationship with parents, 139; B. Siblings, 143: (a) number of siblings in family, 143, (b) birth order, 143,
(c) male and female siblings, 144, (d) relationship with siblings, 145; C. Marital status, 145: (a) single exhibitionists, 146, (b) married exhibitionists, 147; D. Children, 151

10. LEGAL AND CRIMINOLOGICAL FACTORS
   I. Criminal Charges and Incidence 153
      A. Charges, 153; B. Incidence, 154
   II. Criminal Records and Recidivism 155
       A. Previous record and recidivism, 156

11. CLINICAL AND CORRECTIONAL FACTORS 158
   I. Aetiology 158
   II. Psychiatric Diagnosis 159
       A. Psychosis, 159; B. Neurosis, 160; C. Mental deficiency, 160; D. Character and behaviour disorders, 161; E. Exhibitionism and voyeurism, 161
   III. Psychological Assessment 162
   IV. Social Factors (Summary) 164
   V. Treatment 165
       A. Motivation for treatment, 165; B. Forms of treatment and results, 166: (a) individual therapy, 166, (b) group psychotherapy, 166
   VI. Follow-up 167

12. SENTENCE AND DISPOSITION 169
   I. Mode of Disposition 169
   II. Special Legislation 170
