

Acknowledgments

As with most authors we are indebted to a number of people and institutions for their help during the research, writing, and publication of the book. Our thanks to the competent librarians of the British Commonwealth Association as well as to those of Special Collections at the University of Alberta for their assistance in digging out obscure works. Thanks as well to the Central Research Fund of the University of Alberta which provided assistance for Gordon Moyles to make a research trip to the United Kingdom. Finally, thank you to Gerry Hallowell and Jean Wilson who took the work from manuscript to book with skill and patience.
