Prologue: Some Thoughts on the History of the Evolutionary Synthesis <i>Ernst Mayr</i>	1
----------------------------------------------------------------------------------------------	---

Part One **Different Biological Disciplines and the Synthesis**

1 GENETICS

Introduction <i>William B. Provine</i>	51
Theoretical Population Genetics in the Evolutionary Synthesis <i>Richard C. Lewontin</i>	58

2 CYTOLOGY

Introduction <i>William B. Provine</i>	69
The Evolution of Genetic Systems: Contributions of Cytology to Evolutionary Theory <i>C. D. Darlington</i>	70
Cytology in the T. H. Morgan School <i>Alexander Weinstein</i>	80
Cytogenetics and the Neo-Darwinian Synthesis <i>Hampton L. Carson</i>	86

3 EMBRYOLOGY

Introduction <i>William B. Provine</i>	96
Embryology and the Modern Synthesis in Evolutionary Theory <i>Viktor Hamburger</i>	97
The Modern Evolutionary Synthesis and the Biogenetic Law <i>Frederick B. Churchill</i>	112

4 SYSTEMATICS	
The Role of Systematics in the Evolutionary Synthesis <i>Ernst Mayr</i>	123
5 BOTANY	
Introduction <i>Ernst Mayr</i>	137
Botany and the Synthetic Theory of Evolution <i>G. Ledyard Stebbins</i>	139
6 PALEONTOLOGY	
Introduction <i>Ernst Mayr</i>	153
G. G. Simpson, Paleontology, and the Modern Synthesis <i>Stephen Jay Gould</i>	153
7 MORPHOLOGY	
Introduction <i>Ernst Mayr</i>	173
Morphology in the Evolutionary Synthesis <i>William Coleman</i>	174
The Failure of Morphology to Assimilate Darwinism <i>Michael T. Ghiselin</i>	180
Severtsov and Schmalhausen: Russian Morphology and the Evolutionary Synthesis <i>Mark B. Adams</i>	193
Part Two	
The Synthesis in Different Countries	
8 SOVIET UNION	
The Birth of the Genetic Theory of Evolution in the Soviet Union in the 1920s <i>Theodosius Dobzhansky</i>	229
Sergei Chetverikov, the Kol'tsov Institute, and the Evolutionary Synthesis <i>Mark B. Adams</i>	242

9 GERMANY

- Introduction 279
Ernst Mayr
- Historical Development of the Present Synthetic
 Neo-Darwinism in Germany 284
Bernhard Rensch
- Evolutionary Theory in Germany: A Comment 303
Viktor Hamburger

10 FRANCE

- Introduction 309
Ernst Mayr
- Evolutionary Biology in France at the Time
 of the Evolutionary Synthesis 309
Ernest Boesiger
- The Arrival of Neo-Darwinism in France 321
Ernst Mayr
- A Second Glance at Evolutionary Biology in France 322
Camille Limoges

11 ENGLAND

- Introduction 329
William B. Provine
- Some Recollections Pertaining to the Evolutionary Synthesis 334
E. B. Ford
- Lamarckism in Britain and the United States 343
Richard W. Burkhardt, Jr.
- A Note on W. L. Tower's *Leptinotarsa* Work 352
Alexander Weinstein

12 UNITED STATES

- Introduction 354
William B. Provine
- The Evolutionary Synthesis:
 Morgan and Natural Selection Revisited 356
Garland E. Allen

Hypotheses That Blur and Grow <i>Hampton L. Carson</i>	383
-----------------------------------------------------------	-----

Part Three
Final Considerations

13 INTERPRETIVE ISSUES IN THE
EVOLUTIONARY SYNTHESIS

Introduction <i>William B. Provine</i>	387
The Meaning of the Evolutionary Synthesis <i>Dudley Shapere</i>	388

14 EPILOGUE <i>William B. Provine</i>	399
------------------------------------------	-----

BIOGRAPHICAL ESSAYS

How I Became a Darwinian <i>Ernst Mayr</i>	413
Curt Stern <i>Ernst Mayr</i>	424
J. B. S. Haldane, R. A. Fisher, and William Bateson <i>C. D. Darlington</i>	430
Morgan and the Theory of Natural Selection <i>Alexander Weinstein</i>	432
Morgan and His School in the 1930s <i>Theodosius Dobzhansky</i>	445
G. G. Simpson <i>Ernst Mayr</i>	452
