Contents

Preface and acknowledgements vi

1 The emptiness of English public policy 1

2 Where it all begins: the tasks for Education and others 14

3 Governance change in England 23

4 Middle tier functioning, standards, places and school ecosystems 38

5 But society won't wait: the communities around the school and the role of local government 48

6 More muddle: English Education's unstable assemblage 63

7 Wider parallels: limitations at the top 78

8 The construction of central governments that find it all too difficult 85

9 Re-democratising and re-politicising 101

10 Conclusion: Beginning to return English schooling to the public service 115
