1.1 Trumpet and saxophone notation key 513
1.2 Drum set notation key 514
3.1 Alternative representations of melody 515
3.2 Features of jazz vehicles 516
3.3 Various strategies in rendering melody 519
3.4 Alternative representations of harmonic form 531
3.5 Comparing harmonic movement within blues and AABA compositions 532
3.6 A sample of chord voicings 533
3.7 Embellishing chords 534
3.8 Substitutions: harmonic alteration chords 535
3.9 Substitutions: chords having different roots 535
3.10 Substitutions: harmonic insertion chords 536
3.11 Blues effects of substitute chords 537
3.12 Elastic interpretation of harmonic form 537
4.1 Joe Oliver’s “Dippermouth Blues” solo and its re-creations, 1923-37 540
4.2 Diversity of jazz ideas or vocabulary patterns 540
4.3 Sources of vocabulary 541
5.1 Dizzy Gillespie’s complex approach to rhythm 544
5.2 Different approaches to melodic invention 544
5.3 Features of different vocabulary stores 545
5.4 Approaches to invention for solo piano 546
5.5 Approaches to invention for solo drums 547
5.6 Personalization of a vocabulary pattern 548
6.1 One-noting improvisations 550
6.2 Rhythmic phrasing in relation to harmonic form 551
6.3 Animating the features of phrases 551
6.4 Unpredictable, playful use of rests 553
6.5 Elastic manipulation of rhythm 553
6.6 Melodic application of chord substitutions within blues structure 553
6.7 Barry Harris’s dictation of scale transformation by chromatic and mordent ornamentation 554
6.8 Charlie Parker’s practice of pivoting 554
6.9 Barry Harris’s derivation of rules from Charlie Parker solo 555
7.1 Blues structure of improvised phrases 556
LIST OF MUSIC TEXTS

7.2 Sample of melody rendition and its subsequent quotation 557
7.3 Patterns combined with diverse harmonic backgrounds 558
7.4 Displacement and transposition of vocabulary within different compositions 559
7.5 Rhythmic transformations of an etude 560
7.6 Expanding networks within a community of ideas 561
7.7 Interpretive extraction 562
7.8 Truncation and contraction 562
7.9 Pitch substitution 564
7.10 Conservative rephrasing 565
7.11 Radical rephrasing 566
7.12 Radical rephrasing with rest fragmentation 566
7.13 Expansion by interpolation 567
7.14 Cadential extensions 568
7.15 Improvising from finger patterns 568
8.1 Repeating an idea, while conceiving the idea to follow 569
8.2 Running a figure into itself 569
8.3 Answering an idea by repeating it in a different octave 569
8.4 Creating sequences 570
8.5 Repeating an idea and extending it with a cadential figure 570
8.6 Repeating an idea approached through an introductory figure 571
8.7 Balanced call and response phrases with altered response 571
8.8 Interpretive extraction generating consecutive ideas 572
8.9 Developmental sections based on ostinatos 573
8.10 Developing ideas through rhythmic variation 573
8.11 Variations on complex rhythmic-melodic material 574
8.12 Extensive call and response practices 574
8.13 Multiple treatments of a Clifford Brown signature pattern 575
8.14 Forty-six years in the life of a lick, 1946–92 576
8.15 Going away from and returning to a pattern 579
8.16 Double-backing within an ongoing line 580
8.17 Beginning a phrase with the last pitch of the previous phrase 580
8.18 Working within particular intervals 581
8.19 Balancing the phrase lengths of consecutive ideas 581
8.20 Creating increasingly longer phrases 582
8.21 Expanding the range of consecutive phrases 583
8.22 Unfolding development of a chordal improvisation approach 583
8.23 Dynamic movements among different musical concepts 584
LIST OF MUSIC TEXTS

8.24  Formulating a unique solo chorus from components of different choruses  585
8.25  Chorus designs for solos  586
9.1  Figure in different linear settings  598
9.2  Different applications of an embellishing mordent  598
9.3  Different applications of a grupetto-like gesture  598
9.4  Booker Little pattern in various solo settings and roles  599
9.5  Recurring vocabulary patterns within a single performance  601
9.6  Booker Little solo “Minor Sweet” model: long chain of vocabulary patterns  602
9.7  Phrases derived from Booker Little solo “Minor Sweet” model  603
9.8  Radical departures from Booker Little solo “Minor Sweet” model  604
9.9  Artist’s re-creation of own precomposed solo  605
12.1  Approaches to invention for bass accompaniment  607
12.2  Common bass vocabulary patterns  610
12.3  The personalization of bass vocabulary patterns  611
12.4  Recurring vocabulary chains in bass lines  614
12.5  Ride cymbal and hi-hat time-keeping patterns: model and variants  617
12.6  Drum punctuations around time-keeping patterns  619
12.7  The personalization of drum vocabulary patterns  620
12.8  Drum fills as structural markers  622
12.9  Chorus designs for drum accompaniment  624
12.10 Chorus designs for piano accompaniment  629
13.1  Rhythmic tension among the accompanying parts  637
13.2  Balancing expressions of freedom and constraint between bass player and drummer  638
13.3  Exchanging patterns between drummer and pianist  639
13.4  Intensified interplay between drummer and pianist  640
13.5  Composite representation of chord by bass player and pianist  641
13.6  Bass player and pianist interrelating different harmonic pathways  643
13.7  Exchanging melodic-harmonic ideas between bass player and pianist  646
13.8  Melodic-rhythmic interplay between bass player and pianist  648
13.9  Interplay between bass player and drummer  650
13.10 Interplay between soloist and drummer  651
