Volume 1

Introduction · Cornelia Müller ................................................................. 1

I. How the body relates to language and communication:
   Outlining the subject matter
   1. Exploring the utterance roles of visible bodily action:
      A personal account · Adam Kendon ................................................. 7
   2. Gesture as a window onto mind and brain, and the relationship to
      linguistic relativity and ontogenesis · David McNeill ...................... 28
   3. Gestures and speech from a linguistic perspective: A new field
      and its history · Cornelia Müller, Silva H. Ladewig and Jana Bressem ... 55
   4. Emblems, quotable gestures, or conventionalized body
      movements · Sedinha Teßendorf .................................................. 82
   5. Framing, grounding, and coordinating conversational interaction:
      Posture, gaze, facial expression, and movement in
      space · Mardi Kidwell ............................................................... 100
   6. Homesign: When gesture is called upon to be
      language · Susan Goldin-Meadow ............................................... 113
   7. Speech, sign, and gesture · Sherman Wilcox .................................. 125

II. Perspectives from different disciplines
   8. The growth point hypothesis of language and gesture as a dynamic
      and integrated system · David McNeill ........................................ 135
   9. Psycholinguistics of speech and gesture: Production, comprehension,
      architecture · Pierre Feyereisen ................................................. 156
  10. Neuropsychology of gesture production · Hedda Lausberg .............. 168
  11. Cognitive Linguistics: Spoken language and gesture as expressions
      of conceptualization · Alan Cienki ........................................... 182
  12. Gestures as a medium of expression: The linguistic potential
      of gestures · Cornelia Müller ..................................................... 202
  13. Conversation analysis: Talk and bodily resources for the organization
      of social interaction · Lorenza Mondada ...................................... 218
  14. Ethnography: Body, communication, and cultural
      practices · Christian Meyer .................................................... 227
  15. Cognitive Anthropology: Distributed cognition
      and gesture · Robert F. Williams ............................................... 240
  16. Social psychology: Body and language in social
      interaction · Marino Bonaiuto and Fridanna Maricchiolo ............... 258
17. Multimodal (inter)action analysis: An integrative methodology · Sigrid Norris ................................. 275
18. Body gestures, manners, and postures in literature · Fernando Poyatos ................................. 287

III. Historical dimensions
19. Prehistoric gestures: Evidence from artifacts and rock art · Paul Bouissac ...................................... 301
20. Indian traditions: A grammar of gestures in classical dance and dance theatre · Rajyashree Ramesh ........................................... 306
21. Jewish traditions: Active gestural practices in religious life · Roman Katsman ...................................... 320
22. The body in rhetorical delivery and in theater: An overview of classical works · Dorota Dutsch ................................................. 329
23. Medieval perspectives in Europe: Oral culture and bodily practices · Dmitri Zakharine ................................................. 343
24. Renaissance philosophy: Gesture as universal language · Jeffrey Wollock ................................................. 364
25. Enlightenment philosophy: Gestures, language, and the origin of human understanding · Mary M. Copple ................................................. 378
26. 20th century: Empirical research of body, language, and communication · Jana Bressem ...................... 393
27. Language – gesture – code: Patterns of movement in artistic dance from the Baroque until today · Susanne Foellmer ................................................. 416
28. Communicating with dance: A historiography of aesthetic and anthropological reflections on the relation between dance, language, and representation · Yvonne Hardt ................................................. 427
29. Mimesis: The history of a notion · Gunter Gebauer and Christoph Wulf ................................................. 438

IV. Contemporary approaches
30. Mirror systems and the neurocognitive substrates of bodily communication and language · Michael A. Arbib ................................................. 451
31. Gesture as precursor to speech in evolution · Michael C. Corballis ................................................. 466
32. The co-evolution of gesture and speech, and downstream consequences · David McNeill ................................................. 480
33. Sensorimotor simulation in speaking, gesturing, and understanding · Marcus Perlman and Raymond W. Gibbs ................................................. 512
34. Levels of embodiment and communication · Jordan Zlatev ................................................. 533
35. Body and speech as expression of inner states · Eva Krumhuber, Susanne Kaiser, Kappas Arvid and Klaus R. Scherer ................................................. 551
36. Fused Bodies: On the interrelatedness of cognition and interaction · Anders R. Hougaard and Gitte Rasmussen ................................................. 564
37. Multimodal interaction · Lorenza Mondada ................................................. 577
38. Verbal, vocal, and visual practices in conversational interaction - Margret Selting .................................. 589
39. The codes and functions of nonverbal communication - Judee K. Burgoon, Laura K. Guerrero and Cindy H. White .......... 609
40. Mind, hands, face, and body: A sketch of a goal and belief view of multimodal communication - Isabella Poggi ................. 627
41. Nonverbal communication in a functional pragmatic perspective - Konrad Ehlich .................................. 648
42. Elements of meaning in gesture: The analogical links - Geneviève Calbris.. 658
43. Praxeology of gesture - Jürgen Streeck .......................... 674
44. A “Composite Utterances” approach to meaning - N. J. Enfield 689
45. Towards a grammar of gestures: A form-based view - Cornelia Müller, Jana Bressem and Silva H. Ladewig .. 707
46. Towards a unified grammar of gesture and speech: A multimodal approach - Ellen Fricke .......................... 733
47. The exbodied mind: Cognitive-semiotic principles as motivating forces in gesture - Irene Mittelberg. ......................... 755
48. Articulation as gesture: Gesture and the nature of language - Sherman Wilcox .................................. 785
49. How our gestures help us learn - Susan Goldin-Meadow ........ 792
50. Coverbal gestures: Between communication and speech production - Uri Hadar .................................. 804
51. The social interactive nature of gestures: Theory, assumptions, methods, and findings - Jennifer Gerwing and Janet Bavelas ........ 821

V. Methods
52. Experimental methods in co-speech gesture research - Judith Holler. .... 837
53. Documentation of gestures with motion capture - Thies Pfeiffer .... 857
54. Documentation of gestures with data gloves - Thies Pfeiffer .... 868
55. Reliability and validity of coding systems for bodily forms of communication - Augusto Gnisci, Fridanna Maricchiolo and Marino Bonaiuto .................................. 879
56. Sequential notation and analysis for bodily forms of communication - Augusto Gnisci, Roger Bakeman and Fridanna Maricchiolo .................................. 892
57. Decoding bodily forms of communication - Fridanna Maricchiolo, Angiola Di Conza, Augusto Gnisci and Marino Bonaiuto .................................. 904
58. Analysing facial expression using the facial action coding system (FACS) - Bridget M. Waller and Marcia Smith Pasqualini .... 917
59. Coding psychopathology in movement behavior: The movement psychodiagnostic inventory - Martha Davis .......................... 932
60. Laban based analysis and notation of body movement - Antja Kennedy .................................. 941
61. Kestenberg movement analysis - Sabine C. Koch and K. Mark Sossin... 958
62. Doing fieldwork on the body, language, and communication - N. J. Enfield .................................. 974
63. Video as a tool in the social sciences · Lorenza Mondada ........ 982
64. Approaching notation, coding, and analysis from a conversational analysis point of view · Ulrike Bohle .................. 992
65. Transcribing gesture with speech · Susan Duncan ...................... 1007
66. Multimodal annotation tools · Susan Duncan, Katharina Rohlfing and Dan Loehr .......................... 1015
67. NEUROGES – A coding system for the empirical analysis of hand movement behaviour as a reflection of cognitive, emotional, and interactive processes · Hedda Lausberg ................. 1022
68. Transcription systems for gestures, speech, prosody, postures, and gaze · Jana Bressem ........................................ 1037
69. A linguistic perspective on the notation of gesture phases · Silva H. Ladewig and Jana Bressem ....................... 1060
70. A linguistic perspective on the notation of form features in gestures · Jana Bressem ........................................ 1079
71. Linguistic Annotation System for Gestures (LASG) · Jana Bressem, Silva H. Ladewig and Cornelia Müller .................... 1098
72. Transcription systems for sign languages: A sketch of the different graphical representations of sign language and their characteristics · Brigitte Garcia and Marie-Anne Sallandre ...... 1125
