

Table of contents

Acknowledgement — viii

Preface — ix

List of Tables — xxiii

Abbreviations — xxvii

1 The people and their environment — 1

1.1 Nuosu history — 1

1.2 Nuosu society — 4

1.3 Nuosu culture and religion — 6

2 Language background — 7

2.1 Genetic affiliation of Nuosu — 7

2.2 Nuosu and its dialects — 7

2.3 Literature survey on Nuosu — 9

2.4 Typological profile of Nuosu — 11

2.4.1 Phonology — 11

2.4.2 Morphology — 12

2.4.3 Syntax — 15

2.4.4 Pragmatics — 20

3 Phonology — 21

3.1 Sounds and tones — 21

3.1.1 Consonants — 21

A. Stops — 21

B. Fricatives — 23

C. Affricates — 24

D. Nasals and laterals — 24

3.1.2 Vowels — 25

3.1.3 Tones — 27

3.2 Phonological processes — 27

3.2.1 Creaky voice — 27

3.2.2 Tone sandhi — 28

3.2.3 Syllable structure — 30

3.3 The logographic script — 31

3.3.1 Introduction — 31

3.3.2 Nuosu syllabary — 32

4	Word structure — 33
4.1	Word categories — 33
4.1.1	Open categories — 33
4.1.2	Closed and semi-closed categories — 33
4.2	Affixation — 34
4.2.1	Inventory of prefixes — 35
A.	Size prefixes — 35
B.	Fruit prefix <i>syp-</i> — 35
C.	<i>gga-</i> ‘road’ — 35
D.	<i>co-</i> ‘person’ (also as free morpheme) — 36
E.	<i>ddop-</i> ‘word’ — 36
F.	<i>hxie-</i> ‘heart’ — 36
G.	<i>ke-</i> ‘mouth’ — 36
H.	<i>mu-</i> ‘place, sky, steam’ — 37
I.	<i>o-</i> ‘head’ — 37
4.2.2	Inventory of suffixes — 38
A.	Nominalizer suffixes — 38
B.	Gender/age suffixes — 40
C.	Adjectivizer suffixes — 41
4.3	Reduplication — 41
4.3.1	Nouns — 42
4.3.2	Classifiers — 43
4.3.3	Personal pronouns — 45
4.3.4	Verbs — 46
4.3.5	Adjectives — 47
4.3.6	Colour ideophones — 49
4.3.7	Idioms — 51
	AABB — 51
	ABAB — 51
	ABCB — 51
	ABAC — 53
	ABCD — 54
4.4	Compounding — 55
4.4.1	Nominal compounds — 55
	A and B are unrelated in meaning — 55
	A and B are figuratively related — 55
	A and B are parallel — 56
	A is the material of which B is made — 56
	B denotes a part of A — 56
	A is the producer of B — 57
	A is processed into B — 57
	A describes the kind or nature of B — 57

	B is a unit of A — 58
	A denotes the body part on which B is worn — 58
	B is a piece of equipment used in a means of transport, A — 58
	B denotes the dwelling or storing place of A — 58
	A denotes the body part of disease B — 59
	B is a representative symbol for A — 59
	A denotes the sign in Chinese zodiac for time unit B — 59
4.4.2	Verbal compounds — 60
	A and B are unrelated — 60
	A and B are antonymic — 60
	A and B are parallel — 60
	B denotes resultative state of A — 61
4.4.3	Mixed compounds — 61
	A is noun and B is verb — 61
	A is noun and B is classifier — 61
	A is verb and B is classifier — 62
5	The noun phrase — 63
5.1	Introduction — 63
5.1.1	Constructions of the noun phrase — 63
5.1.2	The order of components in the noun phrase — 64
5.2	Qualifying nouns — 66
5.2.1	Noun classifiers — 66
A.	Animate sortal classifiers — 66
B.	Inanimate sortal classifiers — 68
C.	Diverse small-range sortal classifiers — 74
D.	Mixed nominal and verbal classifiers — 75
E.	Collectivizers — 76
F.	Partitioners and subclassifiers — 78
G.	Measure Words — 80
H.	Auto-classifiers — 83
5.2.2	Possession — 83
5.2.3	Adjectival modification — 87
5.2.4	Nominalization — 89
A.	The nominalizer <i>su</i> — 89
B.	The nominalizers <i>ddu</i> and <i>dde</i> — 94
C.	Appendix: The particle <i>su</i> — 98
5.3	Quantifying nouns — 101
5.3.1	Numerals — 101
A.	Cardinal numbers — 101
B.	Ordinal numbers — 103
5.3.2	Noun quantifiers — 105

A.	The quantifier <i>mu</i> ‘whole/all’ — 105
B.	The quantifier <i>zzix ap zzi</i> ‘every’ — 107
C.	The quantifier <i>kep nyix</i> ‘several’ — 109
D.	The quantifier <i>ax pa</i> ‘other’ — 110
E.	The quantifiers <i>ax nyi</i> ‘much’ / <i>ix nyi</i> ‘few’ — 111
F.	The quantifier <i>cyp gge</i> ‘some’ — 113
G.	The quantifier <i>ax di</i> ‘only’ — 113
H.	The quantifiers <i>ax nyi yix nyi</i> ‘at most’ / <i>ix nyi yix nyi</i> ‘at least’ — 116
I.	Other quantifying expressions — 117
J.	Appendix: The particle <i>mu</i> — 118
5.3.3	The additive noun conjunction <i>si nip</i> ‘and’ — 120
5.4	Localizing nouns — 123
5.4.1	Personal pronouns — 123
A.	The basic pronouns — 123
B.	The logophors — 127
C.	The dual pronouns — 134
D.	The possessive pronouns — 135
E.	The personal pronoun <i>sut</i> ‘someone else’ — 137
F.	The versatile pronoun <i>go</i> — 138
G.	Appendix: The particle <i>go</i> — 140
5.4.2	Reflexive anaphors — 143
A.	<i>zyt jie</i> ‘self’ as short-distance anaphor — 143
B.	<i>zyt jie</i> ‘self’ as long-distance anaphor — 144
C.	<i>zyt jie</i> ‘self’ as emphatic pronoun — 147
D.	<i>yip dde</i> ‘original-self’ as emphatic pronoun — 148
5.4.3	Demonstratives — 148
A.	The demonstratives <i>cyx</i> and <i>a zzyx</i> — 150
B.	The demonstrative <i>xip</i> — 153
C.	The demonstratives <i>cyp xip</i> , <i>a zzyx xip</i> and <i>xip mu</i> — 155
D.	The demonstratives <i>tit</i> and <i>a ddit</i> — 157
5.4.4	Bare common nouns — 159
5.4.5	Indefinite and definite articles — 160
5.4.6	Interrogative / indefinite pronouns — 165
A.	The pronoun <i>kax ddi</i> ‘who’ — 166
B.	The pronoun <i>xix</i> ‘what/which’ — 167
C.	The pronoun <i>kep nyix</i> ‘how much/many’ — 168
D.	The pronoun <i>kat go</i> ‘where’ — 170
E.	The pronoun <i>kep te go</i> ‘when’ — 171
F.	The pronoun <i>kep mu</i> ‘how’ — 172
G.	The pronoun <i>xix jjip hnex</i> ‘why’ — 174

6	The verb phrase — 175
6.1	Predicative constructions — 175
6.1.1	Nominal predicates — 175
6.1.2	Copular predicate — 176
A.	Basic functions — 177
B.	Derived functions — 180
6.1.3	Adjectival predicates — 182
6.1.4	Verbal predicates — 187
A.	Intransitive verbs — 187
B.	Monotransitive verbs — 189
C.	Ambitransitive verbs — 192
D.	Ditransitive verbs — 196
E.	Simplex/complex verb pairs — 199
6.2	Coverbs — 203
6.2.1	Agent coverbs — 204
A.	The coverb <i>gep</i> ‘add’ — 204
B.	The coverb <i>sip</i> ‘take’ — 207
C.	The complex coverb <i>gep sip</i> — 209
D.	Appendix: The particles <i>sip/six</i> — 209
6.2.2	Patient coverbs — 211
A.	The coverb <i>ddie</i> ‘prepare’ — 212
6.2.3	Causee coverbs — 213
A.	The coverb <i>bbyp/bbyx</i> ‘give’ — 213
B.	The coverb <i>ddie</i> ‘prepare’ — 215
C.	The coverb <i>ga</i> ‘drop’ — 216
D.	The coverb <i>shu</i> ‘make’ — 217
6.2.4	Recipient coverbs — 219
A.	The coverb <i>bbyp/bbyx</i> ‘give’ — 219
B.	The coverb <i>jox</i> — 222
6.2.5	Locative coverbs — 223
A.	The coverb <i>da</i> ‘put’ — 223
B.	The coverb <i>ddip/ddix</i> ‘say’ — 225
C.	The coverb <i>zyp/zyx</i> ‘lean’ — 227
D.	The coverb <i>mo</i> ‘see’ — 228
6.2.6	Directional coverbs — 229
A.	The coverb <i>xi</i> ‘arrive’ — 229
B.	The coverb <i>hxep/hxex</i> ‘see’ — 231
C.	The coverb <i>chop</i> ‘along’ — 232
6.2.7	Oblique coverbs — 233
A.	The coverb <i>six</i> ‘take’ — 234
B.	The coverb <i>sat</i> ‘point to’ — 235
C.	The coverb <i>mga</i> ‘pass’ — 236

D.	The coverb <i>mgep/mgex</i> ‘mix’ —	238
E.	The coverb <i>rrox mu</i> —	239
F.	The coverb <i>qo</i> ‘follow’ —	241
G.	The coverb <i>wa mgot</i> ‘pursue’ —	242
6.3	Locative phrases —	243
6.3.1	The structure of locative phrases —	243
6.3.2	The position of locative phrases —	247
6.4	Directional phrases —	248
6.4.1	Directional particles and verbs —	248
6.4.2	Types of directional phrases —	251
7	Tense and aspect —	253
7.1	Introduction —	253
7.1.1	The theory of situation types —	253
A.	The four Vendlerian situation types —	253
B.	Object, event and state structure —	254
7.1.2	The theory of tense —	256
7.1.3	Aspect and tense categories in Nuosu —	257
7.2	Phasal auxiliaries —	257
7.2.1	Specialized expressions —	257
A.	<i>go mox</i> ‘beginning’ —	258
B.	<i>jjup zot da</i> ‘continue’ —	258
7.2.2	Grammaticalized verbs —	259
A.	<i>hxep</i> ‘look’ —	259
B.	<i>la</i> ‘come’ —	260
C.	<i>go zix</i> ‘insert’ —	261
D.	<i>ddur</i> ‘exit’ —	262
7.3	Resultative auxiliaries —	264
7.3.1	Specialized expressions —	264
7.3.2	Grammaticalized verbs —	265
A.	<i>wex</i> ‘get’ —	265
B.	<i>sha</i> ‘send’ —	266
C.	<i>ssop</i> ‘shine’ —	268
D.	<i>ndox</i> ‘put’ —	269
7.4	Progressive aspect —	271
7.4.1	The progressive particle <i>njuo</i> —	271
A.	Punctual events —	271
B.	Homogenous events —	272
C.	Quantized events —	274
D.	Bounded events —	275
E.	States —	276

- 7.4.2 The progressive particle *ge* — 278
 - A. Punctual events — 278
 - B. Homogenous events — 279
 - C. Quantized events — 279
 - D. Bounded events — 280
 - E. States — 281
- 7.5 Perfective aspect — 283
- 7.5.1 The exhaustion particle *sat* — 283
 - A. Objects — 284
 - B. Events — 287
 - C. States — 291
 - D. Synthesis — 294
- 7.6 Quantitative aspect — 295
- 7.6.1 The experiential particle *nzox* — 296
 - A. Unrepeatable situations — 296
 - B. Weak-repeatable situations — 297
 - C. Strong-repeatable situations — 298
 - D. Synthesis — 299
- 7.6.2 The periodical particle *ndit* — 299
 - A. Unrepeatable situations — 299
 - B. Weak-repeatable situations — 300
 - C. Strong-repeatable situations — 303
 - D. The verbal meaning of *ndit* — 304
 - E. Synthesis — 305
- 7.6.3 The habitual particle *go shex* — 305
 - A. Unrepeatable situations — 305
 - B. Weak-repeatable situations — 306
 - C. Strong-repeatable situations — 308
 - D. Synthesis — 309
- 7.6.4 Verb classifiers — 309
 - A. Terminology — 309
 - B. Sortal verb classifiers — 310
 - C. Mensural verb classifiers — 312
 - D. Double classifiers of nouns and verbs — 317
 - E. Synthesis — 320
- 7.7 Perfect — 321
- 7.7.1 The stative perfect particle *da* — 322
 - A. Basic analysis — 322
 - B. The conjunctions *mu da* and *nyi mu da* — 326
- 7.7.2 The dynamic perfect particle *ox* — 329
 - A. Basic analysis — 329
 - B. Co-occurrence of *ox* and *da* — 332

7.7.3	Appendix: The particle <i>da</i> — 333
A.	The main verb <i>da</i> ‘put’ — 333
B.	The conjunction <i>mu da</i> — 333
C.	The perfect particle <i>da</i> — 334
D.	The perfect particle <i>da</i> with coverbs — 334
E.	The location coverb <i>da</i> — 335
F.	The source coverb <i>da</i> — 335
G.	Historical development — 335
7.8	Tense — 336
7.8.1	The future tense particle <i>mix</i> — 336
A.	Introduction — 336
B.	First person effect — 337
C.	Sufficient condition of future tense — 340
D.	Relative future tense — 341
E.	When the first person effect is suspended — 342
7.8.2	Appendix: The particle <i>mix</i> — 344
A.	As solicitation particle — 344
B.	As focus adverb — 345
8	Modality and evidentiality — 346
8.1	Introduction — 346
8.2	Modality — 346
8.2.1	The morphosyntax of modal auxiliaries — 347
A.	Modal auxiliary verbs versus matrix verbs — 347
B.	Modal auxiliaries verbs versus adverbs — 354
C.	List of modal auxiliaries — 361
8.2.2	The semantics of modal auxiliaries — 362
A.	The modal <i>ddie ddir</i> ‘need’ — 362
B.	The modal <i>tat xi</i> ‘should’ — 363
C.	The modals <i>ssox</i> ‘should’ and <i>ddip ssox</i> ‘should’ — 364
D.	The modal <i>qi</i> ‘want’ — 365
E.	The modal <i>hna</i> ‘willing’ — 366
F.	The modal <i>but</i> ‘dare’ — 367
G.	The modal <i>get</i> ‘can, able’ — 368
H.	The modal <i>hxit</i> ‘can’ — 369
I.	The modal <i>dop</i> ‘can’ — 370
J.	The modal <i>yix syp</i> ‘able, know-how’ — 371
K.	The modal <i>hxi nyi</i> ‘intend’ — 372
L.	The modal <i>mo mgu</i> ‘intend’ — 373
M.	The modal <i>mo ddix</i> ‘committed’ — 374
N.	The modal <i>jox dop</i> ‘prepared’ — 374

8.3	Evidentiality — 375
8.3.1	The quotative information source — 376
A.	The quotative particle <i>ddix</i> — 376
B.	The complementizer <i>ddix</i> — 379
C.	Other expressions incorporating <i>ddix</i> — 380
8.3.2	Other information sources — 382
9	Adverbs and negation — 383
9.1	Adverbs — 383
9.1.1	Adverbial constructions — 383
A.	Predicate-level and sentence-level adverbials — 383
B.	Constructions equivalent to depictives — 384
C.	Oriented adverbials — 385
D.	Free adjuncts — 385
9.1.2	Movable adverbs — 386
A.	Temporal adverbs — 386
B.	Other adverbs — 388
9.1.3	Immovable adverbs — 391
A.	Manner adverbs — 391
B.	Other adverbs — 394
9.1.4	Postverbal adverbs — 400
9.2	Negation — 403
9.2.1	Nouns — 403
9.2.2	Noun quantifiers — 403
9.2.3	Adjectives — 404
9.2.4	Verbs — 406
9.2.5	Adverbs — 407
9.2.6	TAM — 409
9.2.7	Declaratives and interrogatives — 410
9.2.8	Imperatives — 411
10	Subject and object — 413
10.1	Introduction — 413
10.2	Simple clauses — 414
10.2.1	AOV order in imperfective clauses — 415
A.	Progressive aspect markers — 415
B.	A- or V-oriented manner adverbs — 416
C.	V = V ₁ V ₂ (V ₁ activity, V ₂ directional) — 416
10.2.2	OAV order in resultative clauses — 417
A.	Resultative auxiliaries — 417
B.	O-oriented manner adverbs — 418
C.	V = V ₁ - <i>six</i> -V ₂ (V ₁ activity, V ₂ directional) — 418

10.2.3	The indeterminate word order —	418
A.	The grammatical tone on pronouns —	419
B.	The grammatical tone on verbs —	420
C.	The pronoun <i>go</i> —	420
D.	The passive marker <i>gep</i> —	422
10.2.4	Left-dislocation —	422
10.2.5	The exhaustion particle —	423
10.2.6	Pro-Drop —	424
10.3	Complex clauses —	426
10.3.1	Coordinate clauses —	426
A.	S-A sequence —	426
B.	S-O sequence —	429
C.	A-O sequence —	430
10.3.2	Relative clauses —	430
A.	S-A sequence —	431
B.	S-O sequence —	431
10.3.3	Causative clauses —	432
A.	Causee = S —	432
B.	Causee = A —	433
C.	Causee ≠ O —	433
10.4	Synthesis —	433
11	Valency changing constructions —	435
11.1	Passive —	435
11.1.1	The passive postposition —	435
11.1.2	The concept of adversity —	436
11.1.3	Omission of unimportant demoted subjects —	436
11.1.4	Exclusion of low-transitivity verbs —	437
11.2	Reciprocal —	438
11.3	Causative —	440
11.3.1	Causative coverbs —	440
11.3.2	The causative particle —	442
11.4	Comparison —	442
11.4.1	Comparative Constructions —	443
A.	Superiority —	443
B.	Inferiority —	446
C.	Equality —	447
11.4.2	Intensification and superlative —	449
A.	The intensifier <i>-jy-</i> —	450
B.	The superlative <i>-lop-</i> —	451

12	Versatile constructions — 453
12.1	Presentative constructions — 453
12.1.1	The presented and locative noun phrases — 453
12.1.2	The existential predicate — 454
A.	The existential verb <i>jjo</i> 'have' — 455
B.	The existential verb <i>rrur</i> 'lie about' — 456
C.	The existential verb <i>jjip</i> 'located' — 457
D.	The existential verb <i>ndit</i> 'attached' — 458
E.	The existential verb <i>qo</i> 'contain' — 458
F.	The existential verb <i>rryp</i> 'stick to' — 459
G.	The existential verb <i>it</i> 'lie' — 460
H.	The existential verb <i>nyi</i> 'sit' — 461
I.	The existential verb <i>hxit</i> 'stand' — 462
J.	The existential verb <i>zzur</i> 'stick up' — 462
K.	The existential verb <i>ke</i> 'nest' — 463
L.	The existential verb <i>bbu</i> 'exist' — 463
M.	Motional verbs are not presentational — 464
12.2	Resultative constructions — 465
12.2.1	Agent-resultative construction — 466
12.2.2	Patient-resultative construction — 468
12.2.3	Nonargument-resultative constructions — 470
13	Complex sentences — 472
13.1	Coordinating constructions — 472
13.1.1	Zero linking — 472
13.1.2	Forward-linking conjunctions — 474
A.	Movable conjunctions — 474
B.	Immovable conjunctions — 474
C.	Clause-final conjunctions — 475
13.1.3	Backward-linking conjunctions — 478
A.	Clause-initial conjunctions — 478
B.	Movable conjunctions — 479
C.	Clause-second conjunctions — 480
D.	Clause-final conjunctions — 481
13.2	Subordinating constructions — 482
13.2.1	Zero marking — 482
13.2.2	With complementizers <i>su</i> and <i>go</i> — 484
13.2.3	With complementizer <i>su</i> alone — 490
13.2.4	With complementizer <i>ddix</i> — 494

14 Topic and focus — 496

- 14.1 Topic — 496
- 14.1.1 The topic particles *ne* and *li* — 496
- 14.1.2 The sentence topic particle *su* — 500
- 14.1.3 The sentence topic particle *go* — 501
- 14.2 Focus — 502
- 14.2.1 The focus particle *li* — 502
- 14.2.2 The sentence focus particle *su* — 502
- 14.2.3 The pseudo-cleft construction with *kax* — 503

15 Speech act particles — 505

- 15.1 Interrogative — 505
- 15.1.1 The particle *ddap* — 505
- 15.1.2 The particle *mix* — 506
- 15.2 Imperative — 507
- 15.2.1 The particle *mo* — 507
- 15.2.2 The particle *map* — 509
- 15.2.3 The particle *yip su* — 510
- 15.3 Expressive — 510
- 15.3.1 The wish particle *ddep lox* — 510
- 15.3.2 The fear particle *mat* — 512
- 15.3.3 Regret particles — 514

References — 517

Appendix: Folk Stories — 525

- Why do men have their livestock stay close to home? — 525
- The dove and the cuckoo — 530
- Zhege'alu tames the thunder — 534

Name Index — 541
