

## IUPAC and Gedeon Richter, Ltd. Announce the 2010 IUPAC-Richter Prize in Medicinal Chemistry *Call for Nominations*

The IUPAC-Richter Prize is to be awarded to an internationally recognized scientist, preferably a medicinal chemist, whose activities or published accounts have made an outstanding contribution to the practice of medicinal chemistry or to an outstanding example of new drug discovery.

The prize has been established by a generous gift from the **Chemical Works of Gedeon Richter, Ltd.** (Budapest, Hungary) to acknowledge the key role that medicinal chemistry plays in improving human health.

Application is by **NOMINATION** only with one person needing to serve in that capacity, although a total of five (5) individuals should be listed as referees overall. The package should contain a complete resume, a professional autobiography

of not more than two pages, and a onepage summary of what the individual considers to be his/her activities, accomplishments and/or publications that have had the most significant impact upon the field of Medicinal Chemistry.

The material will be confidentially forwarded to an independent selection committee appointed by the IUPAC Subcommittee on Medicinal Chemistry and Drug Development.

The first prize was awarded in 2006 to Malcolm F.G. Stevens and the second in 2008 to Jan Heeres. The third Prize will be presented in 2010 during the EFMC International Symposium on Medicinal Chemistry in Brussels, Belgium.

Nomination materials should be submitted by **31 December 2009** to:

### IUPAC Secretariat

by e-mail to <secretariat@iupac.org>  
tel.: +1 (919) 485 8700, fax: +1 (919) 485 8706

Prize: USD 10 000

Deadline: 31 December 2009

For further information, please visit <[www.iupac.org/news/Richter\\_prize.html](http://www.iupac.org/news/Richter_prize.html)> or contact Professor C. Robin Ganellin, chair of the IUPAC Subcommittee on Medicinal Chemistry and Drug Development, by e-mail at <c.r.ganellin@ucl.ac.uk>.

### 21st International Symposium on Medicinal Chemistry (EFMC-ISMC)

5–9 September 2010, Brussels, Belgium

EFMC-ISMC 2010 is being organized by the Medicinal and Bioorganic Chemistry Division of Royal Flemish Chemical Society and the Division for Medicinal Chemistry of the Société Royale de Chimie, on behalf of the European Federation for Medicinal Chemistry. This symposium traditionally attracts experts in drug research and development, in particular medicinal and synthetic chemists, combinatorial chemists, molecular modelers, pharmacologists, as well as development chemists. It is recognized worldwide as one of the leading Medicinal Chemistry meetings, as proven by its large international attendance.
