

Statistics & Decisions

Volume 13 · Issue 4 · 1995

<i>Jine-phone Chou</i> Admissibility of conjugate Bayes estimators for the mean of a negative binomial distribution	301
<i>K. Shafie, S. Noorbaloochi</i> Asymmetric unbiased estimation in location families	307
<i>D. Rios Insua, F. Ruggeri, B. Vidakovic</i> Some results on posterior regret Γ -minimax estimation	315
<i>S. Basu, A. DasGupta</i> Robust Bayesian analysis with distribution bands	333
<i>A. Bose, N. Mukhopadhyay</i> Sequential estimation of the mean of an exponential distribution via replicated piecewise stopping number	351
<i>A. T. Martinsek</i> Estimating a slope parameter in regression with prescribed proportional accuracy	363
<i>G. Ennadifi</i> Asymptotic behaviour of record times for renewal paced records	379
Book Reviews	399
Referees of Volume 13 (1995) of S & D	405
Author Index of Volume 13	407
