Bibliographische Übersichten

Christoph Albers*

Zeitungen in Bibliotheken

Aufsätze, Monographien und Rezensionen aus dem Jahr 2014/15 zusammengestellt von Christoph Albers

DOI 10.1515/bfp-2016-0015

Die von Wilbert Ubbens und Dr. Willi Höfig im Jahr 1982 begründete und bis zum Jahr 2002 jeweils in Heft 3 dieser Zeitschrift veröffentlichte Bibliographie wird mit der vorliegenden Übersicht fortgesetzt. Die Gliederung nach Schlagwörtern und die Zitierweise wurden weitgehend beibehalten, um sowohl die Orientierung zu erleichtern als auch spätere Hinweise auf diese Bibliographie zu vereinfachen. Wo nötig, wurden wieder erläuternde Hinweise in englischer Sprache hinzugefügt.

Für diese Übersicht wurden auch wieder Nachweise aus den verwandten Bereichen der Archive, Dokumentationsstellen und Museen aufgenommen, um die für Zeitungen wünschenswerte spartenübergreifende Zusammenarbeit zu fördern.

It also offers free, open source tools which individual libraries can use to assess refinement quality and metadata standards in relation to their own digital newspaper collections. The content made available by the project is available both through Europeana and a dedicated newspaper browser].

Pressearchive/Pressdatenbanken

- Z 14/40. Hakala, Pertti: Closure Threat to Scandinavia’s Oldest Press Archives. In: *Nordisk Arkivnyt* 59(1) (2014) S. 33. [Brage Press Archive is a spirited centenarian that has actively monitored the cumulative Finnish-Swedish newspaper press since 1910. The changeover to electronic operations took place in 1990 when they started to build the database Press, an article index with more than 350,000 references to articles entered into one of the Finnish-Swedish newspapers. The archive of newspaper clippings (with the exception of Biographica) which come from a total of 14 newspapers, ceased in 2011, when Brage Press archive went over to the handling of press materials in electronic form. This article discusses the threat of closure of the archive.]

Rechtsfragen

- Z 14/43. Charlton, John: Harmonious Copyright and Library Sounds. In: *Information Today* 32(2) (2015) S. 9 [The article discusses the harmonization of copyright in the European Union (EU). It is said that copyright law in the EU has remained national law and that the organization European Copyright Society (ECS) wants to adopt one copyright law for all instead of just harmonizing. Topics include challenges to developing and implementing a unified copyright law, the differences between copyrights, patents and registered trademarks, and digitization of the British Library's sound archive].
- Z 14/44. Salarelli, Alberto: Right to Be Forgotten and Online Newspapers Archives: Some Considerations on Social Memory in Our Times. In: *JLIS.it: Italian Journal of Library and Information Science* 5(1) (2014) S. 1–20 [Inspired by a recent decision of the Italian Data Protection Authority, the article examines the issues related to the right to be forgotten in relation to the newspaper archives available on the Internet. This particular case is presented as a concrete example of the need to find a form of balance between the right to privacy and the right to historical research; it is also a particularly significant example of how the concept of memory is changing in the contemporary world. The article ends with a proposal for a more controlled access to online newspapers archives, not for the purpose of censoring the documents contained in them, but to inform users about the legal consequences of their activity].
