Corrigendum to: Reducing risk of spinal haematoma from spinal and epidural pain procedures

<https://doi.org/10.1515/sjpain-2019-2019>

Corrigendum to: Harald Breivik, Hilde Norum, Christian Fenger-Eriksen, Seppo Alahuhta, Gísli Vigfússon, Owain Thomas, and Michael Lagerkranser. 2018. Reducing risk of spinal haematoma from spinal and epidural pain procedures. *Scandinavian Journal of Pain*. Volume 18, Issue 2, pages 129–150. (<https://doi.org/10.1515/sjpain-2018-0041>):

The title of the paper was missing two words, thus not representing entirely the review's content about reducing the risk of spinal bleeding during/after pain procedures as well as spinal and epidural anaesthesia. For the reader's convenience the corrected title appears below:

“Reducing risk of spinal haematoma from spinal and epidural **blocks and** pain procedures”.
