APEIRON

**Editor/Herausgeber**

Christian Wildberg, Benjamin Morison

Profile/Kurzcharakteristik

Apeiron was founded in 1966 and has developed into one of the oldest and most distinguished journals dedicated to the study of ancient philosophy, ancient science, and, in particular, of problems that concern both fields. *Apeiron* is committed to publishing high-quality research papers in these areas of ancient Greco-Roman intellectual history; it also welcomes submission of articles dealing with the reception of ancient philosophical and scientific ideas in the later western tradition. The journal, which appears quarterly, seeks to publish articles that meet the highest standards of scholarship and of philosophical insight. The main language of publication is English, but submissions in German and French will also be accepted. Articles are peer-reviewed on a double-blind basis.
