A highly reputed journal published since 1900, the *Zeitschrift für die Neutestamentliche Wissenschaft* is an international journal for the exegesis of the New Testament and knowledge of the early church (patristics). Appearing annually in two issues of 150 pages each plus supplements, it features original contributions in German, English, and French which have been written by well-known scholars worldwide. By accepting only high quality research papers which advance scholarship, the editors seek to retain the recognizably high level of the journal.
