**Objective**

*Text & Talk* (founded as TEXT in 1981) is an internationally recognized forum for interdisciplinary research in language, discourse, and communication studies, focusing, among other things, on the situational and historical nature of text/talk production; the cognitive and sociocultural processes of language practice/action; and participant-based structures of meaning negotiation and multimodal alignment. *Text & Talk* encourages critical debates on these and other relevant issues, spanning not only the theoretical and methodological dimensions of discourse but also their practical and socially relevant outcomes.

**Topics**

- discourse analysis
- applied linguistics
- pragmatics
- sociolinguistics
- corpus linguistics
- multimodality
- genre analysis
- communication
- professional practice

**Article formats**

- Full Length Articles, Short Articles, Systematic Literature Reviews, Review Articles, Forum Discussions, Research Notes

> [Information on submission process](#)

**Your benefits:**

- Access to high quality, original research outputs
- Interdisciplinary approaches to language, communication and discourse studies
- Methodological/analytical pluralism in engagement with empirical data
