The aim of the journal is to become the premier source of high quality research from all over the world. Open Geosciences is designed to facilitate the exchange of ideas between experienced and young researchers from different countries. Free language correction is provided to authors from non-English speaking regions. Additionally, each published article is promoted to researchers working in the same field of Earth Sciences.

Why read

▸ premier source of excellent articles for young and experienced scientists
▸ free of charge access to articles for readers from all over the world
▸ international forum for the dissemination of research data from various areas of Earth Sciences
▸ designed to facilitate the exchange of ideas between researchers from different countries
▸ accommodates different styles and formats to help scientists from various backgrounds of geosciences interact effortlessly

Why submit

▸ fast, fair and constructive peer-review (25 days on average) provided by international specialists from various fields of geosciences
▸ language correction service for authors from non-English speaking regions
▸ efficient route to fast-track publication (3 months of manuscript submission)
▸ no restriction on the length of the paper
▸ extensive promotion of each published article to hundreds of researchers working in the same field
▸ world-wide dissemination and accessibility

From volume 2016, publication costs are covered by so called Article Processing Charges (APC), paid by authors' affiliated institutions, funders or sponsors.
If you plan to write, have written or contemplate writing a book, you may want to consider publishing it in Open Access. In this model, your book is available online to all interested readers who do not have to pay for accessing its contents.

**SPECIAL ISSUES:**

- Special Issue on **GEOTRENDS 2nd International Conference on Geoheritage & Geotourism**
- Special Issue on **GeoSym2018 – III Polish Symposium on Geointerdisciplinary Research Methods**

**CALL FOR PAPERS:**

- Special Issue **ESC2018-GA - The 36th General Assembly of the European Seismological Commission**; 2-7th September 2018 Valletta, Malta
- Special Issue **Hazard2018 - Natural hazards - lessons from the past and contemporary challenges**; 5-7th October 2018 Novi Sad, Serbia
- Special Issue **“Geodetic Engineering” – The 14th Conference “Present-day Questions in Geodetic Engineering”**; 4-6th April 2019 Chęciny, Poland
- Special Issue **“Alkaline-Carbonatitic magmatism” dedicated to Lalchand Govindram (Lalou) Gwalani**
- Special Issue **“Applied Geomorphology” – The 3th edition of Geomorphology conference - natural and activated processes**; 5-7th July 2019 Chęciny, Poland

Open Geosciences (formerly Central European Journal of Geosciences - CEiJ) is an open access, peer-reviewed journal publishing original research results from all fields of Earth Sciences such as: Atmospheric Sciences, Geology, Geophysics, Geography, Oceanography and Hydrology, Glaciology, Speleology, Volcanology, Soil Science, Palaeoecology, Geotourism, Geoinformatics, Geostatistics.

Managing Editor
Jan Barabach, Jan.Barabach@degruyter.com

Editor-in-Chief
Piotr Jankowski, San Diego State University, USA

Editorial Advisory Board
Svante Björck, Lund University, Sweden
Hai Cheng, University of Minnesota, USA
Fernando Corfu, University of Oslo, Norway
Chuck DeMets, University of Wisconsin-Madison, USA
Donald Dingwell, Queen's University, Northern Ireland, UK
Rodney C. Ewing, University of Michigan, USA
Adrás Galácz, Eötvös Loránd University, Hungary
Kirtikumar Randive, RTM Nagpur University, India

**Geochronology**
Geoffrey Batt, The University of Western Australia, Australia

**Geoengineering**
Sebastian Kowalczyk, University of Warsaw, Poland

**Geography**
Mike Rogerson, University of Hull, UK

**Geoinformatics**
Diofantos Hadjimitsis, Cyprus University of Technology, Cyprus
Biswa Jeet Pradhan, Dresden University of Technology, Germany

**Geomagnetics**
Ján Šimkanin, Academy of Sciences, Czech Republic

**Geomorphology**
Lucian Drăgulţ, West University of Timișoara, Romania
Marek Ewertowski, Adam Mickiewicz University, Poland

**Geostatistics**
Leonardo Feltrin, James Cook University, Australia

**Geotectonics**
Steffen Abe, RWTH Aachen University, Germany
Caroline M. Burberry, University of Nebraska-Lincoln, USA
Krzysztof Gaidzik, Faculty of Earth Sciences, University of Silesia, Poland

**Geotourism**
Đorđije A. Vasiljević, University of Novi Sad, Serbia
Slobodan B. Marković, University of Novi Sad, Serbia

**Glaciology**
Krzysztof Migala, Wroclaw University, Poland

**Gravimetry**
Ladislav Brimich, Slovak Academy of Sciences, Slovakia

**Hydrology**
István Gábor Hatvani, Eötvös Loránd University, Hungary
Ninghu Su, James Cook University, Australia

**Meteorology**
Massimo A. Bollasina, Princeton University, USA
Róbert Mézsáros, Eötvös Loránd University, Hungary

**Mineralogy**
Marta Mileusnic, University of Zagreb, Croatia
Oceanography
Jan Jędrasik, University of Gdańsk, Poland

Palaeoecology
Wolfram Kürschner, University of Oslo, Norway
Joe Williams, Aberystwyth University, UK

Paleontology
Radovan Kyška Pipík, Slovak Academy of Sciences, Slovakia

Petrology
Gordan Bedekovic, University of Zagreb, Croatia
Alistair C. Hack, ETH Zürich, Switzerland

Remote Sensing
Athos Agapiou, Cyprus University of Technology
Dimitrios D. Alexakis, Technical University of Crete, Greece
Tessio Novack, Institute of Geography – GIScience Group, Heidelberg University, Germany

Sedimentology
Katrin Heindel, University of Vienna, Austria
János Kovács, University of Pécs, Hungary

Seismology
Giovanni Leucci, Istituto per I Beni Archeologici e Monumentali (IBAM), Italy
Zoltan Weber, Seismological Observatory, Budapest, Hungary

Seismotectonics and Seismic Hazard
Rita de Nardis, University of Chieti, Presidency of the Council of Ministers, Italy

Soil science
Liming Ye, Chinese Academy of Agricultural Sciences, China

Stratigraphy
Daria Ivanova, Bulgarian Academy of Sciences, Bulgaria

Speleology
Mitja Prelovšek, Karst Research Institute, Slovenia

Volcanology
Károly Németh, Massey University, New Zealand
Francesco Stoppa, G.d’Annunzio University, Italy

Associate Editors
Diego Arosio, Università degli Studi di Modena e Reggio Emilia, Italy
Felix Bachofer, University of Tübingen, Germany
Sabina Jakóbczyk-Karpierz, University of Silesia, Poland
Bartosz Ligęża, Adam Mickiewicz University, Poland
Enes Sukić, Universitat de les Illes Balears, Spain
Balazs Trasy, Eötvös Loránd University
Language Editors
Sarah E. Allen, University of Florida & Florida Museum of Natural History, USA
Fern Beavis, Australian National University
Carys Bennett, University of Leicester, UK
Joanna Denton, Lancaster University, UK
Daniel Helman, California State University Long Beach, USA
Ross Herbert, University of Leeds, UK
Cassidy Jay, Purdue University, USA
Cayne Layton, University of Tasmania, Australia
Tracy Lund, Minnesota Department of Health, USA
Sarah Martin, Geological Survey of Western, Australia
Christyanne Melendez, Appalachian State University, USA
Kamalika Sengupta, University of Leeds, UK
