Similarity Check Plagiarism Screening System

The editorial board is participating in a growing community of Similarity Check System's users in order to ensure that the content published is original and trustworthy. Similarity Check is a medium that allows for comprehensive manuscripts screening, aimed to eliminate plagiarism and provide a high standard and quality peer-review process.

Detailed description of the Similarity Check System can be found at: https://www.crossref.org/services/similarity-check/

Open Political Science is an international Open Access, peer-reviewed academic journal that welcomes contributions written in English addressing political science in its various forms and aspects: historical, philosophical, sociological and other. The Open Political Science does not present views of any particular school nor of a particular political organization. The contributions are written by researchers who represent different points of view. The aim of the journal is to promote an international and interdisciplinary dialogue in the field of Political Science and Political Studies.
