The Journal Acta Medica Bulgarica is a medical journal for original research articles and clinical practice and scientific reviews. Each issue provides the latest in-depth coverage of new developments in medical practice and science.

The journal does not have article processing charges (APCs) nor article submission charges.

**Similarity Check Plagiarism Screening System**

The editorial board is participating in a growing community of Similarity Check System's users in order to ensure that the content published is original and trustworthy. Similarity Check is a medium that allows for comprehensive manuscripts screening, aimed to eliminate plagiarism and provide a high standard and quality peer-review process.

Detailed description of the Similarity Check System can be found at: [https://www.crossref.org/services/similarity-check/](https://www.crossref.org/services/similarity-check/)
