Why subscribe and read

Acta Universitatis Sapientiae is a series of scientific and academic journal published by the Sapientia Hungarian University of Transylvania. The journal is full of information about the newest results of food science, including food analytical chemistry, chemical, biochemical, physicochemical and biological properties of food, processing designed to protect food from spoilage caused by microbes, presence in food of harmful foreign substances, the newest results of human nutrition, food composition and the most effective methods for determination the nutritive value, food quality, food adulteration and food production.

Why submit

The printed and online versions of the papers are identical. Series Alimentaria is indexed with full text in CAB Abstracts and Global Health. Our publishing policy includes peer-reviewing in order to filter the scientifically acceptable papers, improve the quality of papers, avoid plagiarism, avoid multiple submissions. Submitted papers should not be considered for publication by other journals. The author is responsible for obtaining, if needed, the permission for publication of peer authors or other institutional authorities. Authors are required to prepare their paper carefully, including reference to any paper they used results from, well demarcating their own results. In the unlikely event when we become aware of ethics violation, we do not hesitate to publish corrections, clarifications, even retract the paper with appropriate apologies, as the case may be. We agree with Committee on Publication Ethics in promoting integrity in research publication.
