Folia Medica is a peer-reviewed medical journal, published quarterly by Plovdiv Medical University in paper version. It is issued exclusively in English publishing review articles, original research papers, rapid communications, brief reports, case reports, and letters to the editor by Bulgarian and foreign authors. Received manuscripts are accepted for publication only after they have been rigorously reviewed by independent experts in the respective fields, the reviewers remaining anonymous to the authors. The journal is published under the strict supervision of an Editorial Board which consists of: Editor-In-Chief, Deputy Editor-In-Chief, Science Editors and Members - 33 Bulgarian and 13 foreign members (USA, Russia, France, Germany, Spain, Belgium, Greece) who are all Doctors of Medical Sciences.

Scope - the journal accepts materials in the following fields: medicine, dental medicine, pharmacology, public health and health care. Priority topics include: etiology, molecular genetics, pathogenetics, experimental medicine, clinical and therapeutic aspects of socially significant diseases (cardiovascular diseases, cerebrovascular diseases, diabetes mellitus, neoplastic disorders, etc), ecology and health, reconstructive dentistry, integrative biology.

All published articles are in full compliance with the current Uniform Requirements for Manuscripts Submitted to Biomedical Journals.

**Similarity Check Plagiarism Screening System**

The editorial board is participating in a growing community of Similarity Check System's users in order to ensure that the content published is original and trustworthy. Similarity Check is a medium that allows for comprehensive manuscripts screening, aimed to eliminate plagiarism and provide a high standard and quality peer-review process.

Detailed description of the Similarity Check System can be found at: https://www.crossref.org/services/similarity-check/
Thematic scope from fields - medicine, dentistry, pharmacy, public health and health care. Priority themes: etiological, molecular genetic, pathogenic, experimental, clinical and therapeutic aspects of socially significant diseases (cardiovascular, cerebrovascular, diabetes, neoplastic diseases, etc.), Reconstructive dentistry, Integrative Biology, Nutrigenomic, Ecology and Health.

AIM: The magazine would continue to be solid and prestigious opportunity to promote reputable Bulgarian and European scientists. Articles with its variety of different sections of medicine / endocrinology, cardiology, pulmonology, gastroenterology, nephrology, rheumatology, surgery, orthopedics, urology, otorhinolaryngology, dermatology, ophthalmology, preventive medicine, maxillofacial surgery, medical genetics, etc. / dental, pharmacy, public health researchers to present their achievements in research and innovative diagnostic and therapeutic approaches in modern science. His journals in English and distribution in 33 countries around the world enables thousands of physicians and scientists to know the problems treated in it.

The general editorial policy is to optimize the process of issuing and distribution of Folia medica in line with modern standards for current and active visible scientific periodicals - such as content, form, function. By raising the quality of Folia medica to give response to the broad scientific achievements of the Bulgarian academic and scientific community.

Editor-in-chief
Prof. Stefan Stoilov Kostianev, MD, PhD, DMSc (Head of Department of Pathophysiology Rector of Medical University – Plovdiv, Editor in Chief of Folia Medica)

Deputy Editor-in-chief
Prof. Victoria Stepan Sarafian-Ozanian, MD, PhD, DMSc (Vice Rector of R&D Head of Department of Medical Biology)

Managing Editor
Prof. B. I. Marinov, MD, PhD, DMSc
Prof. Blagovest Pehlivanov, MD, PhD, DMSc (Department of Ginecology)

Editorial Advisory Board
Prof. D. Getova-Spasova, MD, PhD, DMSc
Assoc. Prof. B. Anavi, MD, PhD

Statistical Advisor
Prof. M. Semerdjieva, MD, PhD, DMSc

Technical Editors
V. Gjulina,
dipl. eng. N. Atanasova

Members
Prof. Mariana Atanasova Murdjeva, MD, PhD (Vice Rector of International Relations and Project Activity, Head of Department of Microbiology and
Immunology
Prof. Y. Anastassov, MD, PhD, DMSc
Prof. B. Chilova, MD, PhD, DMSc
