Why subscribe and read
JHK brings the latest research results in the area of kinesiology, exercise physiology & nutrition as well as valuable data in physical education, sports training and recreation

Why submit
The journal is developing very rapidly and has been placed on the SCIE

Similarity Check Plagiarism Screening System
The editorial board is participating in a growing community of Similarity Check System's users in order to ensure that the content published is original and trustworthy. Similarity Check is a medium that allows for comprehensive manuscripts screening, aimed to eliminate plagiarism and provide a high standard and quality peer-review process.

Detailed description of the Similarity Check System can be found at: https://www.crossref.org/services/similarity-check/

The Journal of Human Kinetics is a respected interdisciplinary periodical offering the latest research in the science of human movement studies. This comprehensive professional journal features articles and research notes encompassing such topic areas as motor learning and motor development, exercise physiology and biochemistry, sport nutrition, biomechanics, sports training, measurement and evaluation in sport and physical education, anthropology, sports medicine as well as sport history, psychology and pedagogy.
