Why submit
The journal is developing very rapidly and has been placed on the SCIE.

Similarity Check Plagiarism Screening System
The editorial board is participating in a growing community of Similarity Check System's users in order to ensure that the content published is original and trustworthy. Similarity Check is a medium that allows for comprehensive manuscripts screening, aimed to eliminate plagiarism and provides a high standard and quality peer-review process.

Detailed description of the Similarity Check System can be found at: https://www.crossref.org/services/similarity-check/

The Journal of Human Kinetics is a respected interdisciplinary periodical offering the latest research in the science of human movement studies. This comprehensive professional journal features articles and research notes encompassing such topic areas as motor learning and motor development, exercise physiology and biochemistry, sports medicine, sport nutrition, biomechanics, sports training, as well as measurement and evaluation in sport and physical education, especially taking into account sport’s competitive and elite aspects.
