INTERDISCIPLINARY TOXICOLOGY

The Journal of Institute of Experimental Pharmacology of Slovak Academy of Sciences

Why subscribe and read

▸ The journal aims to provide the complete and reliable source of information on current developments in the field of toxicology and related disciplines.

Why submit

The emphasis is on publishing quality articles rapidly and making them freely available to researchers worldwide. All published articles will be deposited immediately upon publication in widely and internationally recognized open access repository free of charge.

Rejection Rate

▸ 10%

Similarity Check Plagiarism Screening System

The editorial board is participating in a growing community of Similarity Check System's users in order to ensure that the content published is original and trustworthy. Similarity Check is a medium that allows for comprehensive manuscripts screening, aimed to eliminate plagiarism and provide a high standard and quality peer-review process.

Detailed description of the Similarity Check System can be found at: https://www.crossref.org/services/similarity-check/

The Journal publishes Original Papers, Review Articles and Clinical Reports on research relating to the toxicity of chemicals and their mixtures at molecular, cellular, tissue, target organ and whole body level in vivo (by all routes of exposure) and in vitro/ex vivo. Focus is on all aspects of modern toxicology: studies of pharmacotoxicological and metabolic mechanisms, toxicogenomics and proteomics, pharmacokinetics, cytotoxicity, immunotoxicity, organ toxicity, developmental toxicity, carcinogenesis, mutagenesis, environmental toxicity and
